Figure 2: The Ice Griffin toy is shown with its approximate dimensions: 13 inches (33 cm) wide and 7.5 inches (19 cm) tall, indicating its large size.

Figure 3: This image highlights the transparent icicle details on the Ice Griffin's tail, spine, and beak, emphasizing its icy aesthetic.

Figure 4: This image provides a closer look at the Ice Griffin's body texture, feather details, and the structure of its wings, noting 6 ice feathers per wing.

Figure 5: The image illustrates the Ice Griffin's impressive wingspan and the articulation of its fully movable wings, allowing for various poses.

4. SETUP AND ASSEMBLY

The Ice Griffin toy comes with movable wings that can be adjusted or, if necessary, carefully removed and reattached at the joint. To adjust the wings, gently rotate them to the desired position. To remove, carefully pull the wing from its socket. To reattach, align the peg on the wing with the socket on the body and push firmly until it clicks into place.

5. OPERATING AND PLAY

The Ice Griffin is designed for imaginative play within the Eldrador Creatures universe. Children can create epic battles against other creatures from the Lava, Rock, Jungle, and Shadow worlds. Its poseable wings allow for dynamic flight scenarios, while its sturdy build ensures it can withstand adventurous play. It also serves as an excellent display piece for collectors of mythical beasts and fantasy figures.
