Hot Wheels '49 Ford F1 ZAMAC 50th Anniversary Edition User Manual

Model: 887961540727

PRODUCT OVERVIEW

This manual provides essential information for the Hot Wheels 1:64 Scale Flames 4/10, ZAMAC '49 Ford F1 50TH Anniversary 2018 Month Card die-cast vehicle. It is designed for collectors and enthusiasts aged 3 months and up.

Image: The Hot Wheels '49 Ford F1 ZAMAC die-cast car, presented in its original blister packaging. The packaging highlights the "50TH Anniversary" and "2018 Month Card" details, along with the "Flames 4/10" series designation. The car itself is a grey '49 Ford F1 pickup truck with orange and yellow flame decals on the sides.

Key features of this model include:

- Flames 4/10 series designation.
- ZAMAC finish on the '49 Ford F1 casting.
- Special 50th Anniversary card design.
- Part of the 2018 Month Card collection.

SETUP AND UNBOXING

The Hot Wheels '49 Ford F1 ZAMAC comes pre-assembled and ready for display or play. No assembly is required.

1. Carefully remove the die-cast car from its blister packaging.
2. Retain the packaging if you wish to preserve its collector value.

Image: A side view of the Hot Wheels '49 Ford F1 ZAMAC die-cast car still sealed in its blister packaging. This angle clearly shows the flame decals along the side of the truck and the ZAMAC finish.

OPERATING INSTRUCTIONS

This Hot Wheels vehicle is designed for imaginative play and collection. It is not motorized and operates by manual propulsion.

- Place the car on a flat, smooth surface.
- Gently push the car forward or backward to initiate movement.

- Compatible with most Hot Wheels track sets (sold separately). Ensure compatibility with specific track types before use.

Safety Information:

- Recommended for ages 3 months and up.
- Small parts may be present; adult supervision is recommended for younger children.
- Do not put the toy in mouth.
- Avoid throwing or dropping the car from excessive heights to prevent damage.

MAINTENANCE AND CARE

To ensure the longevity and appearance of your Hot Wheels die-cast car, follow these simple care guidelines:

- **Cleaning:** Wipe the car gently with a soft, dry cloth to remove dust and fingerprints. Do not use harsh chemicals, abrasive cleaners, or excessive water, as this may damage the paint or decals.
- **Storage:** Store the car in a cool, dry place away from direct sunlight and extreme temperatures. For collectors, consider display cases or protective storage containers to prevent dust accumulation and accidental damage.
- **Handling:** Handle the car by its body rather than its wheels or delicate parts to avoid bending axles or damaging accessories.

TROUBLESHOOTING

Hot Wheels die-cast cars are generally robust. However, if you encounter minor issues, consider the following:

- **Wheels not rolling smoothly:** Check for any debris or lint caught in the axles. Gently remove any obstructions. Ensure the wheels are not bent.
- **Paint chips or scratches:** These are typically a result of normal play or handling. Minor touch-ups can be attempted with model paint, but this is at the owner's discretion and may affect collector value.
- **Car not fitting on track:** Verify that the track system is compatible with 1:64 scale vehicles. Some older or specialized tracks may have different dimensions.

For significant damage or manufacturing defects, refer to the Warranty and Support section.

SPECIFICATIONS

Attribute	Detail
Brand	Hot Wheels
Model Name	'49 Ford F1 ZAMAC
Series	Flames 4/10, 50th Anniversary, 2018 Month Card
Scale	1:64

INSTRUCTIONS

HOT WHEELS RC 5+

FORD MUSTANG GTD

CAUTION: Read and follow the instructions for safe use. Equipment misplacement, use, or misuse may result in injury or property damage.

Always operate in accordance with the vehicle's safety warnings. NEVER DRIFT. Please read all instructions and warnings before use. For more information, visit www.hotwheels.com.

1: CONTENTS

2: FEATURES

3: SET UP

A. REMOTE CONTROL BATTERY INSTALLATION

- Remove the battery cover.
- Insert the 2 AAA (LR03) 1.5V alkaline batteries into the battery compartment. Do not insert the batteries upside down. Do not insert the batteries into the compartment if they are damaged or leaking.
- Replace the battery cover and tighten the screws. Do not use the remote control until the battery cover is properly installed.
- Remove the battery cover and insert the AAA batteries into the compartment. Do not use the remote control until the battery cover is properly installed.

B. CHARGING THE REMOTE

The vehicle is powered by a rechargeable lithium-ion battery. To charge the battery, follow the steps below:

- Insert the vehicle into the charging dock.
- Connect the charging cable to the vehicle's charging port and plug the other end into a 5V/1A USB power adapter (not included).
- Charge until the vehicle's battery is fully charged. A red LED on the vehicle will turn on when the battery is fully charged.
- The LED will turn off when the battery is fully charged. Stop the charging process when the LED turns off. Do not charge the vehicle for more than 24 hours.
- Remove the vehicle from the charging dock when the battery is fully charged.

NOTE: Please do not touch the LED or the battery when charging the vehicle.

C. CHARGING THE REMOTE CONTROL BATTERY

- Slide the power switch to the ON position.
- Press the power button on the remote control. The LED on the remote control will turn on when the battery is fully charged.
- Remove the remote control from the charging dock when the battery is fully charged.

NOTE: The vehicle will operate for up to 15 minutes on a full charge. To extend the play time, please charge the remote control frequently.

D. SYSTEMS ALIGNMENT

- Check the remote control's battery level before playing.
- Check the vehicle's battery level before playing.
- Check the vehicle's battery level before playing.

4: HOW TO DRIVE

CONTROL:

- Press the left stick to drive forward.
- Press the right stick to drive backward.
- Press the left trigger to turn left.
- Press the right trigger to turn right.

CONTROLS:

FORWARD/BACKWARD LEFT/RIGHT TURNING

HELL DRIVE: Release the steering function and operate the remote control when the car is driving backward.

DRIFT MODE: Press the Boost button for more speed.

BACK ON TRACK AND OFF TRACK:

NOTE: Operating range of the remote control is up to 100 ft (30 m).
