## Operating Instructions

Once the battery is installed and fully charged, your EXFO device is ready for operation.

- **First Use:** For optimal performance, fully charge the battery before its initial use.
- **Charging:** Use the original EXFO charger or a compatible charger recommended by EXFO. Do not use unapproved chargers.
- **Battery Life:** Battery life varies depending on device usage and settings.
- **Discharging:** Avoid completely draining the battery frequently, as this can reduce its overall lifespan.

## Maintenance and Storage

Proper maintenance and storage will extend the life of your battery.

- **Cleaning:** Keep battery contacts clean and free of dust or debris. Use a dry, soft cloth for cleaning.
- **Storage:** If storing the battery for an extended period, store it in a cool, dry place, away from direct sunlight and extreme temperatures. It is recommended to store Li-ion batteries with a partial charge (around 50%) to maintain health.
- **Temperature:** Avoid exposing the battery to temperatures above 60°C (140°F) or below 0°C (32°F).

## Troubleshooting

If you encounter issues with your BCXY replacement battery, consider the following:

- **Battery Not Charging:**
  - Ensure the battery is correctly seated in the device.
  - Verify the charger is functioning and properly connected.
  - Check for any visible damage to the battery or charger.
- **Short Battery Life:**
  - Ensure the battery has been fully charged.
  - Review your device's power settings; high brightness or intensive applications can drain the battery faster.

- Consider the age of the battery; all rechargeable batteries have a finite lifespan.

- **Device Not Powering On:**
  - Confirm the battery is charged and correctly installed.
  - Attempt to power on the device while connected to its charger.

If problems persist, contact customer support for further assistance.
