1. INTRODUCTION

This manual provides instructions for the BrizLabs Smart Christmas Lights (Model RMCC003). These 115-foot string lights feature 300 LED bulbs with warm white and multicolor options, controllable via a smartphone application or voice commands. Designed for both indoor and outdoor use, they offer various lighting modes, music synchronization, and scheduling capabilities to enhance your decorative lighting experience.

2. IMPORTANT SAFETY INFORMATION

Please read all safety instructions before installation and use. Failure to follow these instructions may result in fire, electric shock, or injury.

- Do not connect the string lights to the power supply while they are in the packaging.
- Ensure the power adapter is suitable for your local voltage (120 Volts).
- Do not use the product if any part of the wiring or bulbs is damaged.
- Keep away from heat sources and open flames.
- For outdoor use, ensure all connections are waterproof and protected from direct exposure to heavy rain or snow. The product has an IP44 waterproof rating, suitable for general outdoor conditions, but not submersion.
- Do not attempt to repair or modify the product. Contact customer support for assistance.
- Unplug the lights from the power source when not in use or before cleaning.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x BrizLabs 300 LED Smart Christmas Lights (115FT)
- 1 x User Manual

4. PRODUCT SPECIFICATIONS

Feature	Detail

Control Type	App Control, Voice Control (Alexa, Google Assistant), Button Control
Power Source	Corded Electric
Voltage	120 Volts
Wattage	7.2 Watts
Waterproof Rating	IP44
Indoor/Outdoor Usage	Indoor, Outdoor

5. SETUP INSTRUCTIONS

5.1 Unpacking and Inspection

1. Carefully remove the string lights and all components from the packaging.
2. Inspect the lights and wiring for any signs of damage. Do not use if damaged.

5.2 Physical Installation

Determine your desired placement for the lights, whether indoors or outdoors. The clear wire design allows for discreet integration with various decor.

- **For Christmas Trees:** Wrap the lights evenly around the tree branches, starting from the top or bottom, ensuring the control box is accessible.
- **For Outdoor Decor:** Secure the lights using appropriate clips or ties. Ensure the power adapter is protected from direct water exposure, even with the IP44 rating.

5.3 Power Connection

Plug the power adapter into a standard 120V electrical outlet. The lights should illuminate in a default mode.

5.4 App Download and Pairing

To unlock the full smart features, download the companion app:

1. Scan the QR code provided in the package or search for the "BrizLabs Smart" app on the Apple App Store or Google Play Store.
2. Install and open the app.
3. Follow the in-app instructions to register an account or log in.
4. Ensure your smartphone's Bluetooth and Wi-Fi are enabled.
5. In the app, select "Add Device" or the "+" icon. The app should automatically detect the lights.
6. Confirm the device and connect it to your home Wi-Fi network (2.4GHz only).

5.5 Voice Control Setup (Optional)

To enable voice control with Amazon Alexa or Google Assistant:

1. Open the BrizLabs Smart app and navigate to the device settings.
2. Look for options to link with "Amazon Alexa" or "Google Assistant."
3. Follow the on-screen instructions to connect your BrizLabs account to your smart home assistant.
4. Once linked, you can use voice commands such as "Alexa, turn on Christmas lights" or "Hey Google,

change Christmas lights to warm white."

6. OPERATING INSTRUCTIONS

6.1 Basic Control Button

The physical control button on the power adapter allows for basic operation:

- **Single Press:** Cycles through different lighting modes.
- **Long Press:** Turns the lights On/Off.

6.2 App Control Features

The BrizLabs Smart app provides comprehensive control over your lights:

- **Color Changing:** Select from a spectrum of colors, including warm white and various multicolor combinations. The app features 0%-100% warm white & colored infinite mixed technology.
- **Brightness Adjustment:** Dim or brighten the lights from 0% to 100%.
- **Multiple Modes & Playlist Function:** Choose from various preset dynamic modes (e.g., steady, fade, flash, sequential, slow glow, in waves). Create custom playlists of your favorite modes to play in sequence automatically.
- **Music Sync:** Activate the music sync feature to make the lights dance and change colors to the rhythm of music played through your phone's microphone.
- **Smart Schedule Timer:** Set custom schedules for the lights to automatically turn on or off at specific times, conserving energy and adding convenience.
- **Group Control & Device Sharing:** If you have multiple sets of BrizLabs Smart Lights, group them together in the app for synchronized control. Share device access with family members for collaborative control.

7. MAINTENANCE

7.1 Cleaning

To clean your BrizLabs Smart Christmas Lights:

- Ensure the lights are unplugged from the power source.
- Gently wipe the bulbs and wires with a soft, dry cloth.
- Do not use harsh chemicals or abrasive cleaners.

7.2 Storage

When storing the lights:

- Unplug the lights and allow them to cool completely.
- Carefully coil the string lights to prevent tangling.
- Store them in a cool, dry place, away from direct sunlight and moisture.
- Keep them in their original packaging or a protective container to prevent damage.

8. TROUBLESHOOTING

8.1 Lights Not Turning On

- **Check Power:** Ensure the power adapter is securely plugged into a working electrical outlet.
- **Power Adapter:** Verify the power adapter is not damaged.
- **Control Box:** Ensure the control box is unobstructed if using the remote control (though this model primarily uses app/voice).

8.2 App/Voice Control Not Responding

- **Wi-Fi Connection:** Confirm your lights are connected to a stable 2.4GHz Wi-Fi network.
- **Bluetooth:** Ensure Bluetooth is enabled on your smartphone for initial pairing and local control.
- **App Status:** Check if the BrizLabs Smart app is updated to the latest version. Restart the app if necessary.
- **Voice Assistant Link:** For voice control, verify that your BrizLabs account is correctly linked to Amazon Alexa or Google Assistant.
- **Router Distance:** Ensure the lights are within range of your Wi-Fi router.

8.3 Incorrect Colors or Modes

- **App Settings:** Double-check the selected color, brightness, and mode settings within the BrizLabs Smart app.
- **Reset:** Try unplugging the lights for a few seconds and plugging them back in to reset.

9. WARRANTY & SUPPORT

BrizLabs products are manufactured with quality and durability in mind. For specific warranty details, please refer to the warranty card included with your product or contact BrizLabs customer support.

9.1 Customer Support

If you encounter any issues or have questions regarding your BrizLabs Smart Christmas Lights, please contact our customer support team for assistance. Contact information can typically be found on the product packaging or the official BrizLabs website.
