## Suite Bebe 25100-WH

# Suite Bebe Palmer 3-in-1 Convertible Crib User Manual

Model: 25100-WH

Brand: Suite Bebe

## 1. PRODUCT OVERVIEW

---

The Suite Bebe Palmer 3-in-1 Convertible Crib is a versatile and space-saving solution designed to grow with your child. It seamlessly transitions from a crib to a daybed and then to a toddler bed (with the additional purchase of a guardrail). Crafted from durable pine wood, this crib features a non-toxic finish and adjustable mattress support levels to ensure safety and comfort for newborns, infants, and toddlers.

### Key Features:

- **3-in-1 Convertibility:** Easily transforms from a crib to a daybed and a toddler bed.
- **Adjustable Mattress Support:** Features 3 levels of mattress adjustment to accommodate your child's growth.
- **Space-Saving Design:** Ideal for maximizing space in nurseries or smaller living areas.
- **Durable Construction:** Made from solid pine wood for long-lasting use.
- **Safety Assured:** Lead and phthalate safe, with a non-toxic finish.

## 2. SAFETY INFORMATION

---

**WARNING: Failure to follow these warnings and the assembly instructions could result in serious injury or death.**

- Always ensure all bolts and fasteners are securely tightened. Periodically check for loose hardware.
- Do not use this crib if any parts are broken, torn, or missing. Contact Suite Bebe for replacement parts.
- Do not substitute parts. Use only manufacturer-supplied parts.
- To prevent falls, when a child is able to pull to a standing position, set the mattress to the lowest position.
- Do not place strings, cords, or similar items in or near the crib that could wrap around a child's neck.
- The crib is designed for children up to 50 pounds.

### Certifications:

The Suite Bebe Palmer Crib is JPMA Certified and meets ASTM International safety standards, ensuring it has been tested for safety and quality.

### 3. SETUP AND ASSEMBLY

---

Assembly of the Palmer 3-in-1 Convertible Crib is required. All necessary tools for assembly are included with your purchase. Please follow the step-by-step instructions provided in the separate assembly guide carefully to ensure proper and safe construction.

Image: Detailed dimensions of the crib (53.5"L x 29.75"W x 35"H).

#### Assembly Tips:

- Unpack all components and verify against the parts list before beginning assembly.
- Assemble the crib on a soft, clean surface to prevent scratching.
- Do not overtighten screws during initial assembly; tighten fully once all components are in place.
- Ensure the mattress support is installed at the correct height for your child's age and developmental stage.

#### Official Product Video:

Video: Suite Bebe Palmer Island 3-in-1 Convertible Crib. This video provides an overview of the crib's features and design, including its convertibility and safety aspects.

### 4. OPERATING AND CONVERSION

---

The Palmer crib is designed for easy adjustment and conversion to adapt to your child's needs as they grow.

#### Mattress Height Adjustment:

The crib features 3 adjustable mattress support levels. For newborns, the highest setting allows for easier access. As your child grows and becomes more mobile (e.g., able to sit up or pull to a standing position), lower the mattress support to prevent them from climbing out.

## Crib to Daybed Conversion:

To convert the crib to a daybed, remove the front rail. This provides an open side for your child to easily enter and exit, while retaining the other three sides for security.

Image: The Palmer Crib configured as a daybed, with one side removed.

## Daybed to Toddler Bed Conversion:

For conversion to a toddler bed, the front rail is replaced with a separately purchased guardrail. This provides a lower barrier for added safety during the transition to a larger bed.

## 5. MAINTENANCE

---

Proper maintenance will ensure the longevity and safety of your Suite Bebe Palmer Crib.

### Cleaning:

- Wipe the crib surfaces with a damp cloth.
- Avoid using abrasive cleaners, harsh chemicals, or strong detergents, as these can damage the finish.
- Dry thoroughly after cleaning.

### Regular Checks:

- Periodically inspect all screws, bolts, and fasteners to ensure they are tight. Re-tighten as necessary.
- Check for any signs of damage, such as cracks, splinters, or loose parts. Discontinue use if damage is found.

## 6. TROUBLESHOOTING

---

This section addresses common issues you might encounter with your crib.

### Loose or Wobbly Frame:

- Ensure all assembly bolts are fully tightened. Over time, normal use can cause fasteners to loosen.

- Verify that all components are correctly aligned according to the assembly instructions.

### Difficulty Adjusting Mattress Height:

- Confirm that the mattress support frame is properly aligned with the designated slots on the crib legs.
- Check for any obstructions or misaligned hardware that might be preventing smooth adjustment.
- If a threaded insert becomes dislodged, contact customer support for assistance. Do not attempt to force components.

### Missing or Damaged Parts:

- If any parts are missing or damaged upon arrival, do not proceed with assembly.
- Contact Suite Bebe customer support immediately for replacement parts.

## 7. SPECIFICATIONS

---

Attribute	Detail
Brand	Suite Bebe
Model Number	25100-WH
Color	White
Material	Pine Wood
