ASSEMBLY INSTRUCTIONS

Please follow these steps carefully for proper assembly. It is recommended to assemble the unit with two people.

Step 1: Identify Components and Dimensions

Familiarize yourself with the various parts and the overall dimensions of the shelf. This will help in understanding the assembly process and ensuring the shelf fits your intended space.

The shelf measures approximately 162 cm (H) x 63 cm (W) x 30 cm (D). Each shelf is approximately 58 cm (W) x 27 cm (D). The lower shelf is positioned approximately 90 cm from the floor, providing clearance for most washing machines or toilets.

Step 2: Assemble the Base Frame

1. Attach the adjustable feet to the bottom of the four vertical support poles. Ensure they are securely tightened.

2. Connect the lower horizontal bars to the vertical poles to form the base structure. Use the provided screws and connectors, tightening them firmly but not excessively.

Step 3: Install the Shelves

1. Slide the shelf grids into the designated slots on the vertical poles. Ensure each shelf is level and securely seated.

2. Repeat for all three shelves, ensuring they are evenly spaced as per the design. The lowest shelf should be approximately 90 cm from the floor.

Step 4: Final Check

Once all components are assembled, gently shake the unit to ensure stability. Adjust the feet if necessary to level the shelf on uneven floors. Place the shelf in its desired location, typically over a washing machine, dryer, or toilet.

USAGE GUIDELINES

The Relaxdays Laundry Storage Shelf is designed for convenient storage in your laundry room or bathroom.

- **Placement:** Position the shelf over your washing machine, dryer, or toilet. Ensure there is adequate clearance for opening appliance doors or accessing the toilet.
- **Storage:** Utilize the three shelves to store laundry detergents, fabric softeners, cleaning supplies, towels, toiletries, or decorative items.
- **Weight Distribution:** Distribute items evenly across the shelves. Avoid placing heavy objects on only

one side or concentrating weight in a single area.

CARE AND MAINTENANCE

- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, scouring pads, or harsh chemical detergents, as these can damage the chrome finish.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Environment:** While designed for bathroom environments, avoid prolonged exposure to excessive moisture or direct water spray to maintain the finish.
