3. SETUP

1. **Unpacking:** Carefully remove the travel pillow from its packaging.
2. **Initial Airing:** If a slight odor is present upon unpacking, allow the pillow to air out in a well-ventilated area for a few hours before first use. This is common with new memory foam products.
3. **Attaching for Transport:** To carry the pillow hands-free, use the integrated snap strap. Simply clip it onto your backpack, carry-on bag, or luggage handle.

HANDS FREE, EASY CARRY

No need to compress into any bag Just attach to your backpack
or side of the carry-on and GO!

4. OPERATING INSTRUCTIONS

To use your Fabuday Memory Foam Travel Pillow:

1. **Positioning:** Place the pillow around your neck with the open end facing forward or to the side, whichever provides the most comfortable support.
2. **Securing (Optional):** Use the snap button at the front of the pillow to secure the ends together, providing a snugger fit and preventing the pillow from shifting during use.
3. **Adjusting:** Adjust the pillow's position slightly to find the optimal comfort and support for your neck and head. The memory foam will conform to your shape.

The pillow is suitable for various environments:

- **Travel:** Ideal for use in cars, airplanes, trains, and buses to prevent neck strain during long journeys.
- **Office:** Provides comfortable support for short naps or extended periods of sitting at a desk.

- **Home:** Perfect for relaxing while watching television or reading.

5. MAINTENANCE

Proper care ensures the longevity and hygiene of your Fabuday Travel Pillow.

- **Removing the Cover:** Locate the invisible zipper on the pillow cover. Carefully unzip it and remove the memory foam insert.
- **Washing the Cover:** The velvet cover is machine washable. Wash in cold water on a gentle cycle with similar colors. Do not bleach.
- **Drying the Cover:** Tumble dry on low heat or air dry. Ensure the cover is completely dry before reassembling.
- **Memory Foam Care:** The memory foam insert itself is **not** washable. If it becomes soiled, spot clean with a damp cloth and mild detergent. Allow it to air dry completely away from direct sunlight or heat. Do not submerge the memory foam in water.
- **Reassembling:** Once the cover is dry, carefully place the memory foam insert back into the cover and zip it

closed.

6. TROUBLESHOOTING

- **Pillow has a slight odor:** This is normal for new memory foam products. Allow the pillow to air out in a well-ventilated area for 24-48 hours before use.
- **Pillow feels too firm/soft:** Memory foam reacts to body heat. It may feel firmer in cooler temperatures and soften with use. Allow a few days for the pillow to adapt to your body and environment.
- **Pillow does not provide enough support:** Ensure the pillow is correctly positioned around your neck. Try adjusting its placement or securing the snap button for a tighter fit.
