## MAS B07M85XJLC

# MAS Color - Intense Freshness Liquid Detergent User Manual

Model: B07M85XJLC

## PRODUCT OVERVIEW

MAS Color - Intense Freshness is a liquid detergent specifically formulated for the care of modern clothing made from mixed and synthetic fibers such as polyester and nylon. Its unique formula is designed to neutralize unpleasant odors and help maintain the shape of your garments, providing up to 24 hours of freshness during wear.

This liquid laundry soap acts gently on clothing fibers, preserving their shape and color for a longer period. With its unique formula, your clothes will be protected and revitalized, looking fresh and impeccable after each wash. MAS Color - Intense Freshness is an excellent choice for caring for and maintaining modern clothing, as it has been specially developed for these types of mixed and synthetic fabrics.

The MAS Color - Intense Freshness Liquid Detergent contains the following ingredients:

- Water
  - Anionic surfactants
  - Salt
  - Fragrance
  - Preservative
  - Enzymes
  - Colorants
- 

## USAGE INSTRUCTIONS

### Setup and Preparation:

Before washing, sort your laundry by color and fabric type. For best results with MAS Color - Intense Freshness, it is recommended for mixed and synthetic fabrics.

Image: MAS Color is specifically designed for mixed and synthetic fabrics.

### Operating Instructions:

To use MAS Color - Intense Freshness, follow these instructions:

1. **Detergent Dispensing:** Add the appropriate amount of liquid detergent to your washing machine's detergent dispenser. The recommended amount is approximately 60 ml per load.
2. **Fabric Softener (Optional):** If you wish to use fabric softener, add it during the rinse cycle. Ensure you follow the dosing instructions on the fabric softener product label.
3. **Washing Cycle:** Wash your clothes as usual. MAS Color - Intense Freshness is designed to work effectively across a wide range of temperatures and wash types.

## CARE AND MAINTENANCE

MAS Color - Intense Freshness helps maintain the quality of your garments. To ensure the longevity of your clothes and the effectiveness of the detergent:

- Always follow the care labels on your clothing.
- Store the detergent in a cool, dry place, away from direct sunlight.
- Keep the bottle tightly closed when not in use.

Weight	4.86 Kilograms

Attribute	Detail
Format	Liquid
Fragrance	Intense Freshness
Number of Items	1
Manufacturer	Henkel

## TROUBLESHOOTING

If you encounter any issues while using MAS Color - Intense Freshness, consider the following common points:

- **Insufficient Cleaning:** Ensure you are using the recommended dosage for your load size and water hardness. Overloading the washing machine can also reduce cleaning effectiveness.
- **Odor Persistence:** For very strong odors, consider a pre-soak with the detergent or a higher dosage within recommended limits. Ensure proper ventilation during drying.
- **Residue on Clothes:** This can occur if too much detergent is used or if the rinse cycle is insufficient. Reduce detergent amount or select an extra rinse option on your machine.
- **Skin Irritation:** If skin irritation occurs, rinse thoroughly with water. For sensitive skin, consider wearing gloves when hand-washing or using a detergent specifically formulated for sensitive skin.

## WARRANTY AND SUPPORT

For specific warranty information or product support, please refer to the manufacturer's official website or contact their customer service directly. Keep your purchase receipt as proof of purchase.
