mDesign Hyde Collection Under Shelf Basket Instruction Manual

Model: B07M95FHG1 | Brand: mDesign

INTRODUCTION

This manual provides instructions for the proper setup, operation, and maintenance of your mDesign Hyde Collection Under Shelf Basket. Designed to maximize storage space, this metal wire basket easily attaches to existing shelves, creating additional storage for various items in your kitchen, pantry, or other areas.

Please read these instructions carefully before use to ensure optimal performance and longevity of your product.

PACKAGE CONTENTS

- 2 x mDesign Hyde Collection Under Shelf Baskets (Chrome finish)

Image: Two mDesign Hyde Collection under shelf baskets. One basket is empty, and the other is shown holding various jars of food, demonstrating its storage capacity.

SETUP INSTRUCTIONS

- 1. Identify Shelf Location:** Choose a sturdy shelf in your kitchen, pantry, cabinet, or desk where you wish to add extra storage. Ensure the shelf thickness is compatible with the basket's hanging arms.
- 2. Slide Basket Onto Shelf:** Gently slide the extended arms of the under shelf basket onto the underside of your chosen shelf. The arms should rest securely on top of the shelf.
- 3. Verify Stability:** Once positioned, ensure the basket is stable and does not wobble. The weight of items placed in the basket will help secure it, but initial stability is important.
- 4. Repeat for Additional Baskets:** If using multiple baskets, repeat the process, ensuring adequate

spacing and stability for each unit.

OPERATING AND USAGE

The mDesign Hyde Collection Under Shelf Basket is designed for versatile storage. It is ideal for:

- Storing food items like snacks, spices, jars, and small boxes in pantries or kitchen cabinets.
- Organizing cleaning supplies under utility shelves.
- Holding office supplies under a desk or bookshelf.
- Keeping small towels or toiletries in bathrooms.

To use, simply place items into the basket. Ensure that the weight is distributed evenly and does not exceed the capacity of the basket or the supporting shelf.

MAINTENANCE AND CARE

To maintain the appearance and functionality of your under shelf basket:

- **Cleaning:** Wipe the basket with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used. Rinse thoroughly and dry immediately to prevent water spots or rust.
- **Avoid Abrasives:** Do not use abrasive cleaners, scourers, or harsh chemicals, as these can damage the chrome finish.
- **Regular Inspection:** Periodically check the basket for any signs of wear or damage, especially at the points where it hangs on the shelf.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Basket slides on shelf	Smooth shelf surface; insufficient weight in basket.	Ensure the basket is fully pushed onto the shelf. For very smooth surfaces, consider placing a thin, non-slip pad (not included) between the basket arms and the shelf. Evenly distribute items to add stability.
Basket does not fit on shelf	Shelf thickness exceeds basket arm opening.	Verify your shelf thickness against the product specifications (up to 1 inch thick). The basket is designed for standard shelf dimensions. Do not force the basket onto an incompatible shelf.
Basket appears unstable	Improper installation; overloaded; uneven weight distribution.	Re-check installation to ensure arms are fully engaged. Do not exceed the recommended weight capacity. Distribute items evenly within the basket.

SPECIFICATIONS

- **Model:** B07M95FHG1
- **Brand:** mDesign
- **Material:** Metal
- **Finish:** Chrome
- **Product Dimensions (L x W x H):** 13" x 10" x 6" (33cm x 25.4cm x 15.2cm)
- **Item Weight:** 0.59 Kilograms (per basket)
- **Maximum Shelf Thickness:** Approximately 1 inch (2.54 cm)
