AINOPE AP2613

AINOPE 10000mAh Portable Charger User Manual

Model: AP2613

1. INTRODUCTION

Thank you for choosing the AINOPE 10000mAh Portable Charger. This compact and powerful external battery pack is designed to provide reliable power for your mobile devices on the go. Please read this manual carefully before use to ensure optimal performance and safety.

2. KEY FEATURES

- **Compact and Lightweight Design:** Significantly smaller and lighter than many other 10000mAh power banks, making it ideal for travel.
- **High Capacity:** 10000mAh battery provides multiple charges for smartphones and other devices.
- **Accurate LED Power Display:** Digital display shows the exact remaining battery percentage (1% increments) for precise power monitoring.
- **Dual USB Outputs:** Charge two devices simultaneously with efficient output.
- **Certified Safety:** Equipped with AINOPE's multi-protection system and premium Li-polymer battery cells for device safety.
- **Charge-Through Functionality:** Supports charging devices while the power bank itself is being recharged.
- **Low-Input Device Compatibility:** Compatible with devices requiring low input, such as smartwatches and Bluetooth headsets.

3. PACKAGE CONTENTS

Upon unpacking, please ensure all items are present and in good condition:

- 1 x AINOPE 10000mAh Portable Power Bank
- 1 x User Manual (this document)
- 1 x Charging Cable (USB-A to Micro USB)

4. PRODUCT OVERVIEW

Familiarize yourself with the components of your AINOPE Portable Charger:

Power For Days

iPhone 11 charge	Samsung S10 charge	iPad mini charge
2.1 time	2.3 time	1.4 time

A black, textured AINOPE 10000mAh portable charger is shown at an angle. The device has a digital LED display on the top right corner showing '100'. The charger has a pebbled texture and three vertical lines near the bottom. A large, faint number '1' is visible on the left side of the image.

Image: The AINOPE 10000mAh Portable Charger shown next to a smartphone, highlighting its compact dimensions (3.76cm height, 2.53cm width, 0.94cm depth) and the digital LED display indicating '100' percent charge. This image emphasizes the product's small and lightweight design.

Charge Two Devices At the Same Time

2.4A+1A 2 USB Outputs

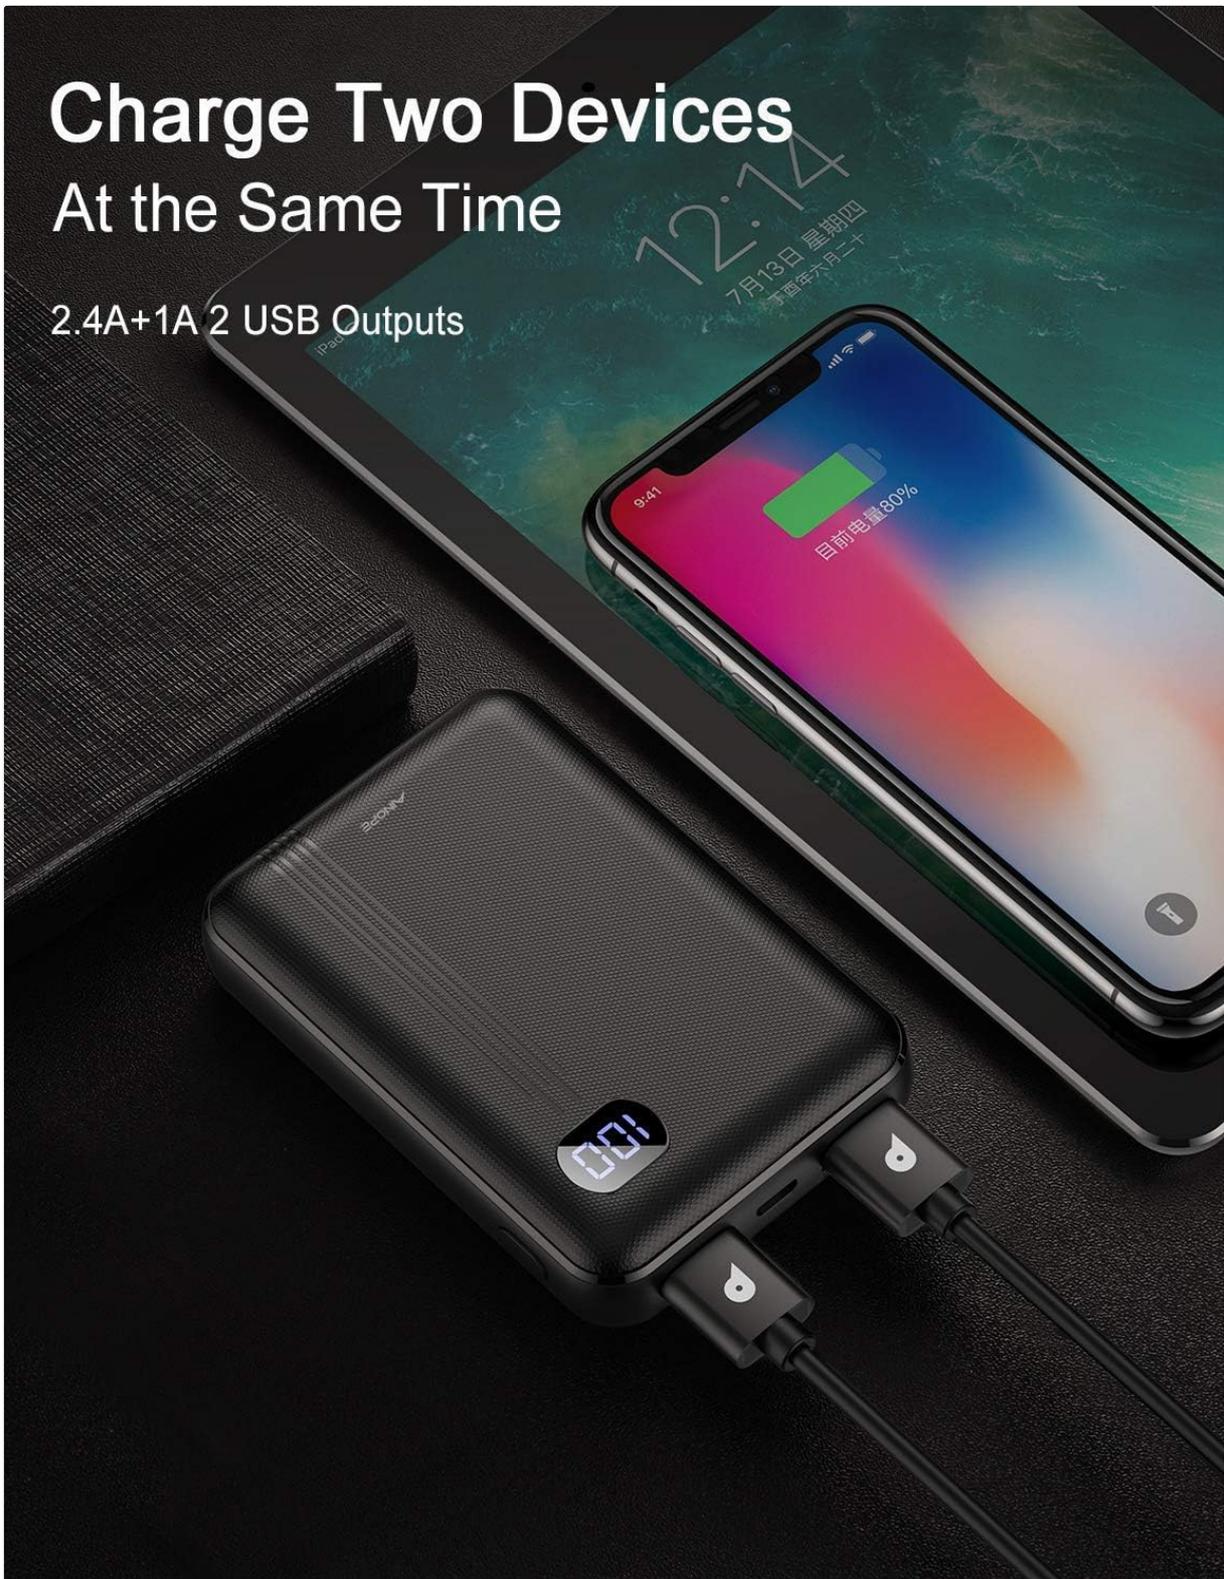

Image: A detailed view of the AINOPE power bank's accurate LED display, showing '100' percent. Below it, a comparison illustrates a generic power bank with less precise LED indicator lights, emphasizing the AINOPE's exact power display feature.

Components:

- **LED Digital Display:** Shows remaining battery percentage.
- **USB Output Ports (x2):** For charging external devices.
- **Micro USB Input Port:** For recharging the power bank.
- **Power Button:** To activate the display or initiate charging (if not automatic).

5. SETUP AND INITIAL USE

5.1 Charging the Power Bank

1. Connect the provided USB charging cable to the Micro USB input port on the power bank.
2. Connect the other end of the cable to a **5V/2A or higher** USB wall adapter (not included). Using a 5V/1A adapter will result in significantly slower charging times.
3. The LED display will show the charging progress. When it reaches 100%, the power bank is fully charged.

5.2 First Use

For optimal performance, it is recommended to fully charge the power bank before its first use.

6. OPERATING INSTRUCTIONS

6.1 Charging Your Devices

1. Connect your device's charging cable to one of the USB output ports on the power bank.
2. Connect the other end of the cable to your device.
3. The power bank will automatically begin charging your device. If not, press the power button once to activate.
4. The LED display will show the remaining power.

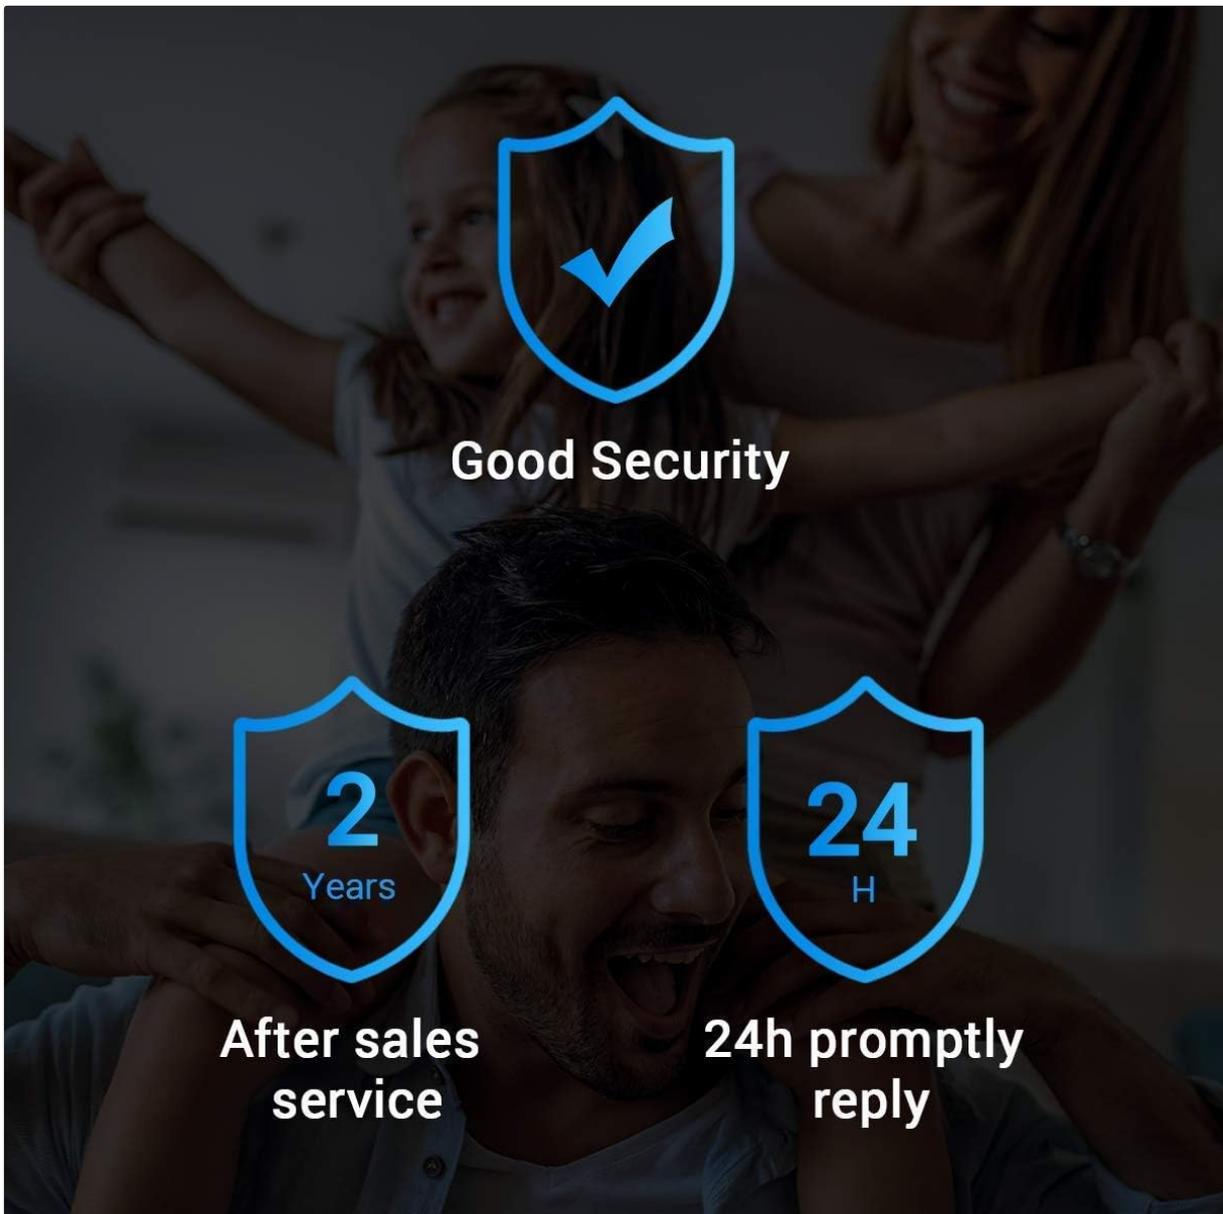

Image: The AINOPE 10000mAh Portable Charger actively charging two devices, a smartphone and a tablet, demonstrating its dual USB output capability. The power bank's LED display shows '001' (likely 100% or 1% depending on context, but implies active charging).

6.2 Checking Battery Level

Press the power button once to activate the LED digital display. The screen will show the current battery percentage of the power bank.

6.3 Charging Capacity Examples

Save 50% Charging Time

With AINOPE 2.4A, Samsung S10
charge 50% only need 32mins

Image: A graphic displaying the charging capabilities of the AINOPE 10000mAh power bank. It indicates approximately 2.1 charges for an iPhone 11, 2.3 charges for a Samsung S10, and 1.4 charges for an iPad Mini.

7. MAINTENANCE AND CARE

- Keep the power bank away from water, moisture, and extreme temperatures (both high and low).
- Do not drop, disassemble, or attempt to repair the device yourself.
- Clean the power bank with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- If not in use for extended periods, charge the power bank at least once every three months to maintain battery health.

8. TROUBLESHOOTING

8.1 Device Not Charging

- Ensure the power bank has sufficient charge. Check the LED display.
- Verify that the charging cable is securely connected to both the power bank and your device.
- Try using a different charging cable or a different USB output port.
- Press the power button on the power bank to ensure it is active.

8.2 Power Bank Charging Slowly

- Ensure you are using a 5V/2A or higher wall adapter to charge the power bank. A 5V/1A adapter will charge it very slowly.
- Check the charging cable for damage.

8.3 Power Bank Not Turning On

- Attempt to charge the power bank. It may be completely depleted.
- If the issue persists, contact customer support.

9. SPECIFICATIONS

Feature	Detail
Model Number	AP2613
Battery Capacity	10000 Milliamp Hours (mAh)
Battery Type	Lithium Polymer (2 included)
Product Dimensions	3.74 x 2.46 x 0.93 inches
Item Weight	6.9 ounces
Input Port	Micro USB (2A input recommended)
Output Ports	2 x USB-A (3.4A total output)
Color	Black
Manufacturer	AINOPE

10. IMPORTANT SAFETY INFORMATION

- Do not expose the power bank to fire or extreme heat.
- Do not immerse the power bank in water or other liquids.
- Avoid dropping or subjecting the power bank to strong impacts.
- Keep out of reach of children.
- Do not use if the power bank is damaged or swollen.
- Dispose of the power bank responsibly according to local regulations.

11. WARRANTY AND CUSTOMER SUPPORT

AINOPE provides a **2-year after-sales service** for this product. If you encounter any issues or have questions, please contact our customer support team. We aim to provide a **24-hour prompt reply** to all inquiries.

For support, please refer to the contact information provided with your purchase or visit the official AINOPE website.
