TUMI Alpha 3

TUMI Alpha 3 Brief Pack Laptop Backpack Instruction Manual

Model: Alpha 3

INTRODUCTION

This manual provides essential information for the proper use, care, and maintenance of your TUMI Alpha 3 Brief Pack. Designed for both men and women, this versatile laptop backpack is crafted from ultra-durable FXT ballistic nylon, making it suitable for work, travel, and daily commutes. It features a padded compartment for laptops up to 15 inches and multiple organizational pockets.

PRODUCT FEATURES

Durable Construction

The TUMI Alpha 3 Brief Pack is constructed with FXT ballistic nylon, known for its exceptional strength and resilience. This material ensures lasting durability against wear and tear, making it ideal for frequent use.

For when you need to bring your office with you, this spacious, well-organized design features plenty of pockets as well as dedicated space for your laptop, tablet and other essentials.

Organized Compartments

This backpack features a padded compartment specifically designed to fit laptops up to 15 inches, along with a dedicated tablet section. Multiple interior and exterior pockets provide ample space for tech gadgets, documents, and personal items, ensuring everything has its place.

Comfortable Portability

The backpack is equipped with adjustable padded shoulder straps and leather top handles for comfortable carrying. The back panel includes an Add-A-Bag sleeve, allowing it to securely slide over the handle of a rolling luggage for effortless transport.

Singular in Strength, Diverse in Function

The first to bring ballistic nylon to consumers over 30 years ago, TUMI's exclusive FXT® ballistic fabric combines a unique weave and a special coating to make it durable and virtually abrasion proof versus standard ballistic nylon.

Additional Features

- Water-resistant water bottle pocket for easy access and spill protection.
- Quick-access phone pocket with magnetic snap for security and convenience.
- Sleek aesthetics with enhanced organization and recycled lining.

Fits up to 15" laptop

SETUP AND USAGE

Adjusting Shoulder Straps

To ensure a comfortable fit, adjust the padded shoulder straps to distribute the weight evenly across your shoulders. Loosen or tighten the straps using the buckles located at the bottom of each strap until the backpack sits snugly against your back without sagging.

Using the Add-A-Bag Sleeve

For convenient travel, locate the fabric sleeve on the back panel of the backpack. Slide this sleeve over the extended handle of your rolling luggage to secure the backpack in place, allowing for easy maneuverability through airports or busy areas.

Laptop and Tablet Storage

Place your laptop (up to 15 inches) into the dedicated padded compartment at the back of the main section. Utilize the separate tablet pocket for smaller devices. Ensure devices are fully inserted and zippers are closed to prevent movement and potential damage.

OPERATING TIPS

- **Weight Distribution:** For optimal comfort and to maintain the backpack's shape, distribute heavier items closer to your back.
- **Quick Access Pockets:** Use the front and side pockets for items you need to access frequently, such as your phone, wallet, or water bottle.
- **Zipper Security:** Always ensure all zippers are fully closed to protect contents from falling out or being exposed to elements.

MAINTENANCE

Cleaning FXT Ballistic Nylon

To clean the ballistic nylon, gently wipe the affected area with a soft cloth dampened with mild soap and water. Avoid harsh chemicals or abrasive cleaners, as these can damage the fabric. Allow to air dry completely.

Leather Accents Care

For leather trim and accents, use a specialized leather cleaner and conditioner. Apply sparingly with a soft cloth and buff gently. Regular conditioning helps maintain the leather's suppleness and prevents cracking.

Zipper Maintenance

Keep zippers clean and free of debris. If a zipper becomes stiff, apply a small amount of zipper lubricant or wax to the teeth. Avoid forcing stuck zippers to prevent damage.

TROUBLESHOOTING

- **Uncomfortable Fit:** Re-adjust shoulder straps to ensure even weight distribution. If the bag feels too bulky, consider removing non-essential items.
- **Stuck Zipper:** Do not force. Apply zipper lubricant or a graphite pencil to the teeth and gently work the slider back and forth.
- **Bag Sagging:** Ensure the heaviest items are packed closest to the back panel. Avoid overpacking, which can strain seams and straps.

SPECIFICATIONS

Feature	Detail
Product Dimensions	8 x 12 x 17 inches
Item Weight	3.3 pounds
Capacity Total	61.6 Liters
Laptop Compatibility	Fits up to 15" screen
Material	FXT Ballistic Nylon, Leather Accents
