ONN SG_B07MCWJ6B5_US

ONN Bluetooth in-Ear Headphones User Manual

Model: SG_B07MCWJ6B5_US

Introduction

The ONN Bluetooth in-Ear Headphones with Built-in Microphone are designed for convenience and portability, ideal for various activities such as exercising or daily use. These lightweight earbuds provide clear audio performance and hands-free calling capabilities through Bluetooth technology.

Package Contents

Before you begin, please ensure all items are present in the package:

- ONN Bluetooth in-Ear Headphones
- Charging Cable
- Additional Ear Tips/Ear Wings

Setup Guide

1. Charging the Headphones

Before first use, fully charge your headphones. Connect the charging cable to the charging port on the inline control module and plug the other end into a USB power source. A full charge takes approximately **2 hours**. The indicator light will change to show charging status (e.g., red for charging, blue/off for fully charged).

2. Powering On/Off

- To Power On: Press and hold the multi-function button (usually the center button on the inline control) until the indicator light flashes.
- To Power Off: Press and hold the multi-function button again until the indicator light turns off.

3. Bluetooth Pairing

To connect your headphones to a device:

1. Ensure the headphones are fully charged and powered off.
2. Press and hold the multi-function button for approximately 5-7 seconds until the indicator light flashes red and blue alternately. This indicates pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
4. Select "ONN Headphones" or a similar name from the list of found devices.
5. Once connected, the indicator light on the headphones will typically flash blue slowly or turn solid blue.

The headphones use Bluetooth Version 5.0 and have an effective range of up to**10 meters (33 feet)**.

4. Wearing the Headphones

Insert the earbuds comfortably into your ears. The headphones come with various sizes of silicone ear tips and ear wings to ensure a secure and comfortable fit. Experiment with different sizes to find the best seal for optimal sound quality and stability, especially during physical activity.

Operating Instructions

Inline Control Functions

The headphones feature an inline control module with multiple functions:

- **Multi-function Button (Center Button):**
  - Press once to Play/Pause music.
  - Press once to Answer/End a call.
  - Press and hold to reject an incoming call.
  - Double-press to redial the last number.
- **Volume Up Button (+):**
  - Press once to increase volume.
  - Press and hold to skip to the next track.
- **Volume Down Button (-):**
  - Press once to decrease volume.
  - Press and hold to go to the previous track.

Hands-Free Calling

With the built-in microphone, you can make and receive calls directly through your headphones. Ensure your headphones are paired with your smartphone. Use the multi-function button to manage calls as described above.

Battery Life

The headphones provide up to **6 hours** of playback time on a single full charge, depending on usage volume and conditions.

Maintenance

Cleaning

Gently wipe the earbuds and cable with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials. Remove ear tips and clean them separately with mild soap and water if necessary, ensuring they are completely dry before reattaching.

Storage

When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid tangling the cable by coiling it neatly. The earbuds are magnetized, allowing them to clip together for secure storage around your neck or in a bag.

Water Resistance

These headphones are **water resistant**. This means they can withstand light splashes or sweat, making them suitable for exercise. However, they are not designed for submersion in water. Do not expose them to heavy rain or immerse them in any liquid.

Troubleshooting

Problem	Possible Solution
Headphones do not power on.	Ensure the headphones are fully charged. Connect them to a power source and allow them to charge for at least 30 minutes before attempting to power on again.

Problem	Possible Solution
Cannot pair with device.	• Ensure headphones are in pairing mode (flashing red and blue). • Turn off Bluetooth on your device and turn it back on. • Forget/remove the headphones from your device's Bluetooth list and try pairing again. • Ensure the headphones are within 10 meters of your device.
No sound or poor sound quality.	• Check the volume level on both the headphones and your connected device. • Ensure the headphones are properly paired and connected. • Try re-pairing the headphones. • Ensure the ear tips provide a good seal in your ear canal.
Microphone not working during calls.	• Ensure the headphones are properly connected to your device for calls. • Check your device's audio settings to ensure the headphones are selected as the input/output device. • Ensure the microphone on the inline control is not obstructed.
