3. OPERATING INSTRUCTIONS

3.1. Retractable Canopy Operation

The daybed features a retractable sunshade canopy with a telescopic pull rod mechanism. This allows for easy adjustment to provide shade or allow for sun exposure.

- To extend the canopy: Gently pull the telescopic rod forward until the canopy is fully extended and locked into position.
- To retract the canopy: Push the telescopic rod backward to fold the canopy. Ensure it is securely stored when not in use or during strong winds.

Product Features

Featured Plastic Fasten Buckle:

You can fix the cushion on the rattan seat by plastic fasten buckle when the weather is cool.(Also you can separate them when the weather is hot)

High Quality Telescopic Pull Rod:

You can enjoy a sun bath in the warm sunshine when closing the canopy or enjoy a cool in the hot weather when opening the canopy.

4. MAINTENANCE

4.1. Cleaning

- **Frame:** Wipe the PE rattan and steel frame with a damp cloth. For stubborn dirt, use a mild soap solution and rinse thoroughly.
- **Cushions:** The seat cushions are washable. Remove covers and follow care instructions on the label. Air dry completely before reattaching.
- **Canopy:** Clean the canopy fabric with a damp cloth and mild soap. Ensure it is dry before retracting to prevent mildew.

4.2. Storage and Protection

- While the daybed is made with all-weather PE rattan, covering it during prolonged periods of harsh weather

(heavy rain, snow, intense sun) will extend its lifespan.

- Store cushions indoors during inclement weather or off-season.

5. TROUBLESHOOTING

This section addresses common issues you might encounter with your Homall Patio Outdoor Daybed.

Problem	Possible Cause	Solution
Canopy not retracting/extending smoothly.	Obstruction in the telescopic rod mechanism or fabric misalignment.	Check for any debris or obstructions. Gently guide the fabric to ensure it folds correctly along the rods.
Daybed sections sliding apart.	Connecting buckles are not fastened or are loose.	Ensure all plastic fasten buckles between the sections are securely connected.
Cushions appear flat or uncomfortable.	Normal wear over time or prolonged compression.	Fluff cushions regularly. Consider adding additional padding or replacing cushion inserts if necessary (note: replacement cushions may not be readily available from the manufacturer).
