Paladone PP4900PM

Paladone Pacman Pixelated Light - Instruction Manual

Model: PP4900PM

INTRODUCTION

Thank you for purchasing the Paladone Pacman Pixelated Light. This manual provides essential information for the safe and efficient use of your new light. Please read these instructions carefully before use and retain them for future reference.

IMPORTANT SAFETY INFORMATION

- This product is not a toy. Keep out of reach of small children.
- For indoor use only. Do not expose to water or moisture.
- Use only with the provided USB cable or a compatible USB power source.
- Do not attempt to disassemble or modify the product.
- Avoid extreme temperatures.

SETUP

Package Contents

- 1 x Paladone Pacman Pixelated Light
- 1 x USB Power Cable

Powering the Device

The Pacman Pixelated Light is primarily powered via USB. It can also operate using 3 AAA batteries (not included) for portable use, though it is not explicitly designed for battery operation based on available information. For optimal performance and sound features, USB power is recommended.

1. Locate the USB port on the back of the Pacman light.
2. Insert the small end of the provided USB cable into the light's USB port.
3. Insert the larger end of the USB cable into a compatible USB power source (e.g., computer, USB wall adapter, power bank).

OPERATING INSTRUCTIONS

Turning On/Off and Activating Sounds

The Pacman Pixelated Light features a touch-activated control for illumination and sound effects.

1. Ensure the light is connected to a power source via USB.
2. Locate the power switch on the back of the unit and slide it to the 'ON' position.
3. To turn the light on or off, gently tap the top of the Pacman unit.
4. The light is designed to play official Pac-Man sounds upon touch activation, providing a nostalgic experience.

Sound Features

The light includes touch-activated Pac-Man sounds. These sounds are an integral part of the product's interactive design.

Visual Features

The light emits a yellow glow, characteristic of the Pac-Man character. It serves as a decorative item and a night light.

MAINTENANCE

Cleaning

To maintain the appearance of your Pacman Pixelated Light:

- Ensure the device is unplugged from its power source before cleaning.
- Wipe the surface with a soft, dry cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish.

TROUBLESHOOTING

Light Does Not Turn On

- **Check Power Connection:** Ensure the USB cable is securely connected to both the light and the power source.
- **Verify Power Source:** Try plugging the USB cable into a different USB port or wall adapter to rule out a faulty power source.
- **Power Switch:** Confirm the power switch on the back of the unit is in the 'ON' position.
- **Touch Activation:** Gently tap the top of the Pacman unit to activate the light.

No Sound

- **Touch Activation:** Ensure you are tapping the top of the unit to trigger the sound effects.
- **Power Source:** Verify the unit is receiving adequate power via USB.
