## GLACIER FRESH GF-MWF

# GLACIER FRESH GF-MWF Refrigerator Water Filter Instruction Manual

Model: GF-MWF | Brand: GLACIER FRESH

## 1. INTRODUCTION

Thank you for choosing the GLACIER FRESH GF-MWF Refrigerator Water Filter. This manual provides essential information for the proper installation, operation, and maintenance of your new water filter. Designed to provide clean, fresh-tasting water, this filter is a premium replacement for various refrigerator models.

## 2. COMPATIBILITY

The GLACIER FRESH GF-MWF water filter is compatible with a wide range of refrigerator models, including but not limited to:

- SmartWater Filter
- MWF Water Filter, MWFP Water Filter, MWFA Water Filter, MWFAP Water Filter, MWFINT Water Filter
- GWF Water Filter, GWF01 Water Filter, GWF06 Water Filter, GWFA Water Filter
- HWF Water Filter, HWFA Water Filter
- FMG-1 Water Filter, FMG Water Filter
- Kenmore\* 46-9991 Water Filter, Kenmore\* 46 9991 Water Filter, Kenmore\* 469991 Water Filter, Kenmore\* 9991 Water Filter
- GE GSH22JSDSS

Please verify your refrigerator's model number to ensure compatibility. For detailed compatibility information, refer to the product packaging or the official GLACIER FRESH website.

## 3. KEY FEATURES

- **NSF 42 Certified:** Materials and construction comply with NSF42 standards for the reduction of chlorine, taste, and odor.
- **Advanced Filtration:** Utilizes high-grade coconut carbon blocks to effectively reduce 97.9% of chlorine, sediment, suspended solids, and improve water's smell and taste.
- **Safe Materials:** Made from BPA-free, lead-free, and food-grade materials.
- **Twist and Lock Design:** Ensures a precise, leak-proof fit for tool-free, no-mess replacement.
- **Long Filter Life:** Recommended replacement every six months or 300 gallons, whichever comes first.

## 4. SETUP AND INSTALLATION

Follow these steps to install your GLACIER FRESH water filter:

1. Shut off the main water supply valve to the refrigerator.
2. Remove the old filter by twisting it counter-clockwise until it stops, then pull it down.
3. Remove the protective cap from the new GLACIER FRESH filter.
4. Insert the new filter into the refrigerator's filter housing.
5. Twist the filter clockwise until it locks securely into place.

6. Turn on the main water supply valve to the refrigerator.
7. Flush the filter by dispensing 3-4 gallons of water (approximately 6-8 minutes) to remove air and carbon fines.
8. Check for any leaks.
9. Reset the 'Change Filter' indicator on your refrigerator, if applicable.

## Elevate your Quality Life

Never Miss The Replacement Time

**SIMPLE TO**

No tool required, easy installation and operation.

**3-6 MON**

Change the filter every 6 months or 200 gallons.

## 5. OPERATING INSTRUCTIONS

Once installed and flushed, your GLACIER FRESH water filter operates automatically with your refrigerator's

water dispensing system. Enjoy clean, filtered water and ice.

## 6. MAINTENANCE

For optimal performance and water quality, it is crucial to replace your GLACIER FRESH water filter regularly. The recommended replacement schedule is:

- Every **six (6) months**
- Or after filtering **300 gallons (1135 liters)** of water, whichever comes first.

Using the provided month stickers can help you track your replacement date. Simply apply the sticker to the new cartridge and mark your calendar.

Figure 5: Reminder to change the filter every 3-6 months for optimal performance.

## 7. TROUBLESHOOTING

If you experience any issues with your water filter, consider the following:

- **Slow Water Flow:** Ensure the filter is correctly installed and fully twisted into place. Flush the filter again for a few minutes to remove any trapped air. If the issue persists, the filter may be clogged and require replacement.
- **Leaking:** Re-install the filter, ensuring it is securely twisted and seated properly. Check the O-rings for any damage or misalignment.
- **Unusual Taste/Odor:** Flush the filter with 3-4 gallons of water. If the taste or odor persists after flushing, the filter may be expired or defective. Replace the filter.
- **Filter Indicator Light:** After replacing the filter, reset the filter indicator light on your refrigerator according to your appliance's manual.

## 8. SPECIFICATIONS

Attribute	Detail
Model Number	GF-MWF
Material	Sri Lankan activated carbon
Product Dimensions	2.99"D x 3.3"W x 5.1"H
Item Weight	16 ounces (1 pound)
External Testing Certification	NSF, IAPMO (NSF/ANSI 42)
Product Benefits	Reduces Chlorine, Taste, Odor, Sediment, Suspended Solids
Unit Count	3.0 Count (per pack)
Filter Life	6 months or 300 gallons (1135 liters)
Flow Rate	0.5 gpm / 1.9 lpm
Operating Temperature	34°F-100°F / 1°C-38°C
Min Operating Pressure	30 psi / 207 kPa
Max Operating Pressure	100 psi / 689 kPa
