Brightech Jacob LED Standing Lamp Instruction Manual

Model: XF-STB2-ONL3

INTRODUCTION

Thank you for choosing the Brightech Jacob LED Standing Lamp. This modern and versatile floor lamp is designed to provide optimal lighting for various spaces, including living rooms, bedrooms, and offices. Featuring three adjustable LED light heads, it offers both ambient and task lighting with energy-efficient technology. Please read this manual carefully before assembly and operation to ensure safe and proper use of your new lamp.

SETUP

The Brightech Jacob LED Standing Lamp is designed for easy assembly without the need for special tools. Follow these steps to set up your lamp:

1. **Unpack Components:** Carefully remove all parts from the packaging. Ensure all components are present: the heavy weighted base, pole sections, three lamp heads, and three LED bulbs.
2. **Assemble the Pole:** Screw the pole sections together firmly. The design ensures a sturdy and solid structure once assembled.
3. **Attach to Base:** Screw the assembled pole into the heavy weighted base. Ensure it is tightened securely to prevent wobbling.
4. **Install Lamp Heads:** The three lamp heads are pre-mounted on the pole. Ensure they are securely attached.
5. **Insert LED Bulbs:** Carefully screw the provided LED bulbs into each of the three lamp heads.
6. **Position the Lamp:** Place the lamp in your desired location. The extra length of the cord can be neatly wound into the lamp base for a tidy appearance.

OPERATING INSTRUCTIONS

Your Brightech Jacob LED Standing Lamp offers flexible lighting options:

- **Power On/Off:** The lamp features a touch switch for easy operation. Locate the switch on the lamp pole to turn the lamp on or off.
- **Individual Light Control:** Each of the three lamp heads can be turned on or off individually. This allows you to customize the light output for specific tasks or ambient lighting needs.
- **Adjustable Lamp Heads:** The three omnidirectional light fixtures can rotate 360 degrees. This allows you to point illumination in any desired direction, making it ideal for reading, hobbies, or general room lighting.
- **Light Output:** The lamp provides a pleasant 3,000K warm white light, suitable for various activities. With all three 9.5W, 800-lumen bulbs on, it delivers up to 2,400 lumens, comparable to a 180W incandescent bulb.
- **Smart Control (Optional):** This lamp is compatible with Amazon Alexa and Bluetooth connectivity for voice control,

if paired with a compatible smart plug or smart bulbs (sold separately).

MAINTENANCE

To ensure the longevity and optimal performance of your Brightech Jacob LED Standing Lamp, follow these simple maintenance guidelines:

- **Cleaning:** Dust the lamp regularly with a soft, dry cloth. For more thorough cleaning, wipe with a damp cloth and mild soap, then dry immediately. Avoid abrasive cleaners or solvents that could damage the finish.
- **Bulb Replacement:** The included LED bulbs have a long lifespan of approximately 20,000 hours, meaning they rarely need replacing. If a bulb does need replacement, ensure the lamp is unplugged and allow the bulb to cool before unscrewing and replacing it with an E26 base, A19 shape LED bulb of similar wattage (9.5W) and color temperature (3000K).

- **Cord Care:** Periodically inspect the power cord for any signs of damage. If the cord is damaged, discontinue use and contact customer support.

TROUBLESHOOTING

If you encounter any issues with your Brightech Jacob LED Standing Lamp, please refer to the following common troubleshooting steps:

- **Lamp Not Turning On:**
 - Ensure the power cord is securely plugged into a working electrical outlet.
 - Check if the wall switch (if applicable) is in the ON position.
 - Verify that the touch switch on the lamp pole is functioning correctly.
 - Confirm that the LED bulbs are screwed in tightly and are not faulty. Try testing with a known working bulb if available.
- **Lights Flickering:**
 - Ensure bulbs are screwed in tightly.
 - Check for loose connections in the power cord or outlet.
 - If using smart bulbs, ensure they are properly paired and receiving a stable signal.
- **Lamp is Unstable:**
 - Ensure all pole sections are tightly screwed together.
 - Verify that the pole is securely fastened to the heavy weighted base.
 - Place the lamp on a flat, stable surface.

If these steps do not resolve the issue, please contact Brightech customer support for further assistance.

SPECIFICATIONS

Feature	Detail
Model Number	XF-STB2-ONL3
Brand	Brightech
Product Dimensions	1.18"D x 1.97"W x 61"H
Material Type	Metal
Finish Type	Painted
Light Source Type	LED
Number of Light Sources	3
Wattage	9.5 watts per bulb
Bulb Base	E26
Bulb Shape Size	A19
Color Temperature	3000K (Warm White)

Switch Type	Touch
