# Fiskars Whirling Sprinkler with Wheels User Manual

Model: 1023657

## 1. INTRODUCTION

Thank you for choosing the Fiskars Whirling Sprinkler with Wheels. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new sprinkler. Designed for ease of use and durability, this metal sprinkler is an excellent tool for effective lawn and garden watering.

Please read this manual thoroughly before first use and retain it for future reference.

## 2. IMPORTANT SAFETY INFORMATION

Always observe the following safety precautions to prevent injury or damage to the product.

- Do not leave the sprinkler unattended for extended periods, especially in areas with poor drainage.
- Ensure all connections are secure to prevent leaks and water wastage.
- Keep children and pets away from the sprinkler during operation to avoid accidental spraying or tripping hazards.
- Do not use the sprinkler with water temperatures exceeding 40°C (104°F).
- Store the sprinkler indoors during freezing temperatures to prevent damage from ice expansion.

## 3. PRODUCT COMPONENTS

Your Fiskars Whirling Sprinkler with Wheels consists of the following main parts:

- **Sprinkler Head:** The rotating mechanism that disperses water.
- **Base with Wheels:** Provides stability and allows for easy repositioning.
- **Hose Connector:** For attaching a standard garden hose.

Figure 3.1: Top-down view of the Fiskars Whirling Sprinkler, showing the rotating arms, hose connector, and wheeled base.

Figure 3.2: Side view of the sprinkler, highlighting the hose connection point and the sturdy wheeled base.

## 4. SETUP AND INSTALLATION

Setting up your Fiskars Whirling Sprinkler is quick and easy:

1. **Positioning:** Place the sprinkler on a flat, stable surface in the area you wish to water. The wheeled base allows for easy movement across lawns.
2. **Connect Hose:** Attach your standard garden hose to the hose connector on the side of the sprinkler. Ensure the connection is tight to prevent leaks. Hand-tightening is usually sufficient.
3. **Water Supply:** Slowly turn on the water supply from your faucet.

## 5. OPERATING INSTRUCTIONS

The Fiskars Whirling Sprinkler is designed for simple operation:

- Once the water supply is turned on, the sprinkler arms will begin to rotate, distributing water in a circular pattern.
- The coverage area and spray intensity are dependent on your water pressure. Adjust the water flow from your faucet to achieve the desired spray distance and pattern.
- To move the sprinkler, simply turn off the water supply, disconnect the hose if necessary, and roll the sprinkler to the next desired location using its integrated wheels.

## 6. CARE AND MAINTENANCE

Proper care will extend the life of your sprinkler:

- **Cleaning:** Periodically check the sprinkler nozzles for blockages from debris or mineral deposits. If necessary, gently clear them using a small brush or pin.
- **Storage:** Before the first frost, drain all water from the sprinkler and store it in a dry, protected area where temperatures will not drop below freezing. This prevents damage to internal components.
- **Inspection:** Regularly inspect the hose connector and sprinkler body for any signs of wear or damage.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Sprinkler not rotating or rotating slowly.	Low water pressure; clogged nozzles; internal obstruction.	Increase water pressure from faucet; clean nozzles; check for debris inside the sprinkler head.
Uneven water distribution.	Clogged nozzles; uneven ground.	Clean nozzles; reposition the sprinkler on level ground.
Water leaking from hose connection.	Loose connection; damaged washer.	Tighten hose connection; replace washer if damaged.

## 8. SPECIFICATIONS

**Brand:** Fiskars

**Model Number:** 1023657

**Style:** Whirling Sprinkler with Wheels

**Material:** Metal

**Color:** Standard (Black/Orange)

**Item Weight:** Approximately 2.55 pounds (1.16 kg)

**Number of Items:** 1

**GTIN:** 06411501510297

**Manufacturer:** Fiskars

*Note: Product dimensions were not accurately provided in the source data. The sprinkler features a compact design with integrated wheels for portability.*

## 9. WARRANTY INFORMATION

Fiskars products are known for their quality and durability. For specific warranty terms and conditions, please refer to the warranty card included with your purchase or visit the official Fiskars website. Keep your proof of purchase for any

warranty claims.

## 10. CUSTOMER SUPPORT

If you have any questions, require assistance, or need to report an issue with your Fiskars Whirling Sprinkler, please contact Fiskars customer support through their official website or the contact information provided on the product packaging.
