Maintenance

To maintain the appearance and longevity of your Outsunny patio set, wipe it with a dry cloth for general cleaning. The PE rattan material is designed to be water-resistant and UV-resistant, offering durability against outdoor elements. The cushion covers are removable for easy cleaning.

While the materials are weather-resistant, it is recommended to cover the furniture or remove the glass tabletop when not in use, especially during prolonged direct sunlight or heavy rain, to prevent potential damage and extend the product's lifespan.
