Video: An unboxing and quick review of the Turtle Beach Battle Buds, showing the contents and initial impressions.

3. SETUP

3.1 Attaching the Removable Microphone

1. Locate the small port on the left earbud.
2. Align the 3.5mm jack of the removable boom microphone with the port.
3. Gently push the microphone jack into the port until it is securely seated.

3.2 Connecting to Your Device

The Battle Buds connect to any device with a standard 3.5mm headphone jack. This includes:

- Xbox Series X|S, Xbox One controllers
- PlayStation 5, PlayStation 4 controllers
- Nintendo Switch
- PC (with a single 3.5mm port)
- Mobile devices (smartphones, tablets)

Simply plug the 3.5mm jack from the headset cable into the corresponding port on your device or controller.

LIGHTWEIGHT & COMFORTABLE

Play for hours in complete comfort with three sizes of interchangeable ear-tips and stabilizers for the best fit (small, medium and large for each).

4. OPERATING INSTRUCTIONS

4.1 In-Line Controls

The in-line controller provides convenient access to audio and microphone functions:

- **Master Volume Wheel:** Slide up or down to adjust the overall audio volume.
- **Mic Mute Switch:** Toggle to mute or unmute your microphone.
- **Multifunction Button:** On supported devices, this button can be used for various functions such as answering/ending calls or playing/pausing media.

Image: Detailed view of the in-line controller, showing the volume wheel, mic mute switch, and multifunction button.

4.2 Microphone Usage

The Battle Buds offer two microphone options:

- **Removable Boom Mic:** For clear communication during gaming sessions. Attach it as described in Section 3.1.
- **Built-In In-Line Mic:** For use when the boom mic is detached, ideal for mobile calls or casual listening.

5. CUSTOMIZING FIT

Achieving a proper fit is crucial for both comfort and optimal sound quality. The Battle Buds include three sizes of ear-tips and stabilizer wings to help you find the best fit for your ears.

- **Ear-Tips:** Experiment with the different sizes (Small, Medium, Large) to find the ones that create a comfortable seal in your ear canal. A good seal enhances bass response and noise isolation.
- **Stabilizer Wings:** These wings hook onto the contours of your outer ear to provide additional stability and prevent the earbuds from falling out, especially during active use. Try different sizes to find the most secure and comfortable fit.

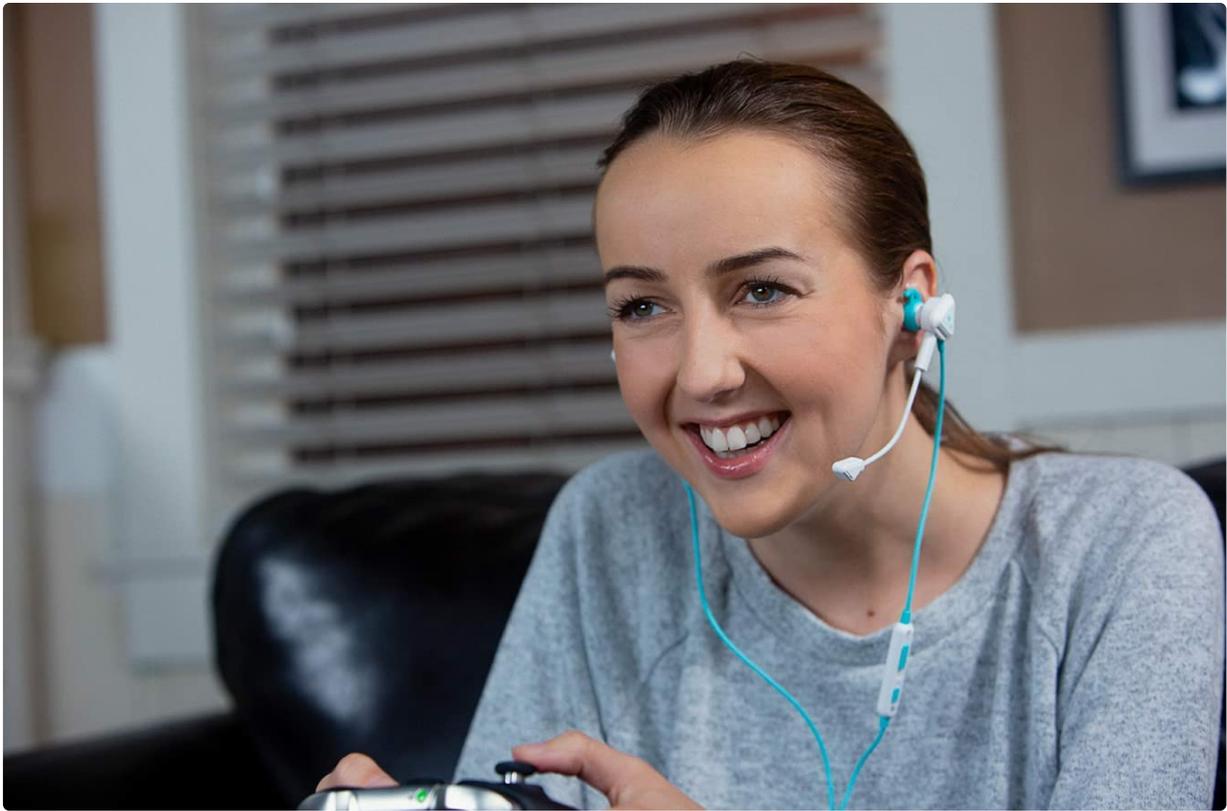

Image: The included ear-tips and stabilizer wings in various sizes, allowing for personalized fit.

6. MAINTENANCE

- **Cleaning:** Regularly clean the ear-tips and stabilizer wings with a soft, damp cloth or an alcohol prep pad to remove earwax and debris. Ensure the earbuds are dry before use.
- **Storage:** When not in use, store your Battle Buds in the provided carrying pouch to protect them from tangles and damage.
- **Cable Care:** Avoid excessive pulling or bending of the cable to prevent internal wire damage.

7. TROUBLESHOOTING

- **No Sound/Low Volume:**
 - Ensure the 3.5mm jack is fully inserted into your device.
 - Check the master volume wheel on the in-line controller and your device's volume settings.
 - Verify that the ear-tips provide a good seal in your ear.
- **Microphone Not Working:**
 - Ensure the removable boom mic is securely attached.
 - Check the mic mute switch on the in-line controller to ensure it is not muted.
 - Confirm your device's audio input settings are configured to use the headset microphone.
- **Earbuds Falling Out/Uncomfortable Fit:**
 - Experiment with different sizes of ear-tips and stabilizer wings to find the most secure and comfortable combination for your ear shape.
 - Ensure the stabilizer wings are properly positioned to hook onto your outer ear.

8. SPECIFICATIONS
