Redragon S101W-BA

Redragon S101 Wired RGB Gaming Combo User Manual

MODEL: S101W-BA

1. Introduction

This manual provides detailed instructions for the Redragon S101 Wired RGB Gaming Combo, which includes an RGB backlit gaming keyboard, a red backlit gaming mouse, a gaming headset, and a gaming mouse pad. Please read this manual carefully before using the product to ensure proper setup and operation.

Image 1.1: Redragon S101 4-in-1 Gaming Combo components.

2. Package Contents

Verify that all items are present in the package:

- Redragon S101 Wired RGB Backlit Gaming Keyboard
- Redragon M601 Wired Red Backlit Gaming Mouse
- Redragon H101 Wired Gaming Headset with Microphone
- Redragon Gaming Mouse Pad
- User Manual (this document)

3. Setup

Follow these steps to set up your Redragon S101 Gaming Combo:

3.1. Keyboard Setup

1. Connect the keyboard's USB cable to an available USB port on your computer.
2. The operating system will automatically detect and install the necessary drivers.
3. Adjust the keyboard feet for your preferred typing angle.

3.2. Mouse Setup

1. Connect the mouse's USB cable to an available USB port on your computer.
2. The operating system will automatically detect and install the necessary drivers.

3.3. Headset Setup

1. Connect the green 3.5mm jack (audio out) to your computer's audio output port.
2. Connect the red 3.5mm jack (microphone in) to your computer's microphone input port.
3. If your computer has a single 3.5mm combo jack, use the included 3.5mm Y-adapter to connect both headset jacks.
4. Adjust the headband for a comfortable fit and position the microphone appropriately.

3.4. Mouse Pad Placement

Place the gaming mouse pad on a flat, stable surface. The anti-slip rubber base will keep it securely in place during use.

4. Operating Instructions

4.1. Keyboard Functions (Redragon S101)

The Redragon S101 keyboard features RGB backlighting and dedicated multimedia keys.

- **RGB Lighting Modes:** The keyboard offers 7 different RGB lighting modes and effects. Use the dedicated lighting control keys (often located near the arrow keys or function row) to cycle through modes.
- **Backlight Brightness:** Adjust the backlight brightness with 4 available levels.
- **Breathing Speed:** The breathing effect speed can be adjusted.
- **Multimedia Keys:** The keyboard includes 10 dedicated multimedia keys and 12 additional FN+ multimedia keys for quick access to media controls, volume, and other functions.
- **WIN Key Lock:** The Windows key can be disabled during gaming sessions to prevent accidental interruptions. Refer to the keyboard's specific key combination for this function (often FN + WIN key).
- **Anti-Ghosting:** The keyboard supports 25-key anti-ghosting, allowing multiple key presses to be registered simultaneously without conflict.

4.2. Mouse Functions (Redragon M601)

The Redragon M601 mouse offers adjustable DPI and programmable buttons.

- **DPI Adjustment:** The mouse features user-adjustable DPI settings up to 3200 DPI. Use the DPI button (usually located behind the scroll wheel) to cycle through sensitivity levels.
- **Programmable Buttons:** The mouse has 6 buttons, with 5 being user-programmable through dedicated software (available on the Redragon website).
- **Weight Tuning:** An 8-piece weight tuning set (2.4g x 8) is included to customize the mouse's weight and balance. Access the weight compartment on the underside of the mouse.

4.3. Headset Usage (Redragon H101)

The Redragon H101 headset provides clear audio and communication.

- **Volume Control:** Adjust the audio volume using the inline volume control on the headset cable.

- **Microphone:** The integrated microphone can be adjusted for optimal voice pickup. Ensure it is positioned correctly for clear communication.
- **Compatibility:** The headset is compatible with PC, Laptop, Tablet, PS4, and Xbox One (requires adapter for some Xbox One controllers).

5. Maintenance

To ensure the longevity and optimal performance of your gaming combo, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the keyboard, mouse, and headset. For stubborn dirt, a slightly damp cloth can be used, but ensure no moisture enters the devices.
- **Keyboard Keycaps:** For deeper cleaning, keycaps can be carefully removed (if applicable to the model) and cleaned separately. Reinstall them firmly.
- **Mouse Pad:** The mouse pad is waterproof and can be gently wiped clean with a damp cloth. Avoid harsh chemicals.

- **Cable Management:** Avoid sharp bends or kinks in the cables to prevent damage.
- **Storage:** Store the devices in a clean, dry environment away from extreme temperatures and direct sunlight when not in use.

6. Troubleshooting

If you encounter issues with your Redragon S101 Gaming Combo, refer to the following common solutions:

Problem	Possible Cause	Solution
Keyboard/Mouse not responding	Loose USB connection, faulty USB port, driver issue.	Ensure USB cables are securely connected. Try a different USB port. Restart your computer. Check Device Manager for driver status.
Keyboard RGB lights not working or incorrect	Lighting mode off, brightness too low, software conflict.	Press the lighting control keys to cycle modes or increase brightness. Ensure no conflicting software is running.
Mouse movement is erratic or unresponsive	Dirty sensor, incorrect DPI setting, surface issue.	Clean the optical sensor on the mouse. Adjust DPI settings. Ensure the mouse pad surface is clean and even.
Headset audio not working or microphone not picking up sound	Incorrect jack connection, volume too low, system audio settings.	Verify 3.5mm jacks are correctly plugged into the audio and microphone ports (use Y-adapter if needed). Check inline volume control. Adjust audio input/output settings in your computer's sound control panel.

If the problem persists after trying these solutions, please contact Redragon customer support.

7. Specifications

Detailed specifications for the Redragon S101 Gaming Combo:

- **Brand:** Redragon
- **Model Number:** S101W-BA
- **Color:** White (with Red accents on mouse/headset)
