AquaTeak 178

AquaTeak Manada Wall-Mounted Teak Storage Cabinet with Doors

Model: 178

Brand: AquaTeak

1. Important Safety Information

Please read and understand all instructions before installation and use. Failure to follow these instructions may result in injury or product damage.

- **Secure Mounting:** Ensure the cabinet is securely mounted to a structurally sound wall using appropriate hardware for your wall type.
- **Avoid Overloading:** Do not exceed the maximum weight limit of 30 pounds for the cabinet. Distribute weight evenly across the shelf.
- **Door Caution:** Exercise caution when opening and closing doors to prevent pinching or accidental impact.
- **Children and Pets:** Keep children and pets away from the cabinet during installation and ensure doors are properly closed to prevent access to contents.

2. Product Overview

The AquaTeak Manada Wall-Mounted Teak Storage Cabinet with Doors is designed for stylish and functional storage, particularly in moisture-prone environments like bathrooms. Crafted from sustainably harvested solid teak wood, it offers natural water resistance and durability.

Key Features:

- Sustainably Harvested 100% Solid Teak Wood Construction
- Naturally Water Resistant & Durable (Suitable for Indoor or Outdoor Use)
- All Stainless Steel Non-Corroding Hardware
- Superior Design with Front-Facing Doors
- Includes one adjustable shelf for versatile storage

Product Dimensions:

- Overall Dimensions: 24" (Width) x 7.5" (Depth) x 24" (Height)
- Shelf Height: 10.5"
- Shelf Depth: 7.5"

- Product Weight: 32.8 pounds
- Weight Limit: 30 Pounds

3. Setup and Installation

The AquaTeak Manada cabinet comes fully assembled, requiring only secure wall mounting. Follow these general steps for installation:

1. **Choose Location:** Select a suitable wall location, ensuring it is free from electrical wires or plumbing and can support the cabinet's weight plus contents.
2. **Mark Mounting Points:** Hold the cabinet against the wall at the desired height and use a pencil to mark the locations for the mounting hardware. Ensure marks are level.
3. **Install Wall Anchors (if needed):** Depending on your wall material (e.g., drywall), install appropriate wall anchors at the marked points. If mounting into wall studs, pre-drill pilot holes.
4. **Mount Cabinet:** Align the cabinet's mounting points with the installed anchors or pilot holes. Secure the cabinet to the wall using screws, ensuring it is firmly attached and level.

5. **Verify Stability:** Gently tug on the cabinet to confirm it is stable and securely fastened to the wall before placing items inside.

4. Operating Instructions

Opening and Closing Doors:

The cabinet features front-facing doors with stainless steel hardware. Gently pull the knobs to open the doors. Push the doors firmly until they close completely.

Adjusting Shelves:

The cabinet includes one adjustable shelf. To adjust its height, carefully remove the shelf and reposition the support pins to the desired level. Ensure the shelf is securely seated on all four pins before placing items on it.

Figure 4.2: Interior view of the cabinet with both doors open, showcasing its storage capacity for bath linens and accessories.

5. Maintenance

Teak wood is naturally durable and water-resistant, making it ideal for bathroom environments. Proper care will ensure the longevity and beauty of your cabinet.

Cleaning:

- Wipe down the cabinet regularly with a soft, damp cloth.
- For deeper cleaning, use a mild soap solution and rinse thoroughly with clean water.
- Avoid abrasive cleaners or harsh chemicals, as these can damage the teak finish.
- Dry the cabinet completely after cleaning to prevent water spots.

Teak Wood Care:

- Over time, teak may naturally weather to a soft, silvery-gray patina. To maintain its original warm honey-brown color, apply a quality teak oil periodically (e.g., every 6-12 months, depending on exposure and preference).
- Always follow the instructions on the teak oil product for best results.

Figure 5.1: Teak wood is a hardwood, durable, suitable for indoor/outdoor use, sustainably harvested, solid, and heavy-duty.

6. Troubleshooting

Cabinet feels loose on wall:

- Re-check all mounting screws and ensure they are tightened securely.
- Verify that appropriate wall anchors were used for your wall material and that they are properly installed.
- If mounting into drywall without studs, consider relocating to a stud or using heavy-duty toggle anchors.

Doors do not close properly:

- Check for any obstructions preventing the doors from closing fully.
- Inspect the door hinges for any damage or misalignment. Adjust hinges if necessary.

7. Specifications

Feature	Detail
Brand	AquaTeak
Model Name	Manada Wall-Mounted Teak Storage Cabinet with Doors
Model Number	178
Material	100% Solid Teak Wood
Finish Type	Unfinished
Hardware Material	Stainless Steel
