SETUP AND ASSEMBLY

Each mini-vehicle comes with its own dedicated instruction manual and a corresponding bag of blocks. Follow these steps

for assembly:

1. Identify the desired vehicle to assemble.
2. Locate the corresponding block bag and instruction manual by matching the item number found in the upper left corner of the manual to the number on the block bag.
3. Carefully open the block bag and lay out the pieces.
4. Follow the step-by-step diagrams in the instruction manual to connect the building blocks.
5. Once the vehicle is assembled, apply the appropriate stickers as indicated in the manual or as desired.

OPERATING INSTRUCTIONS

Once assembled, the mini-vehicles offer various interactive features:

- **Push-and-Go Functionality:** Many vehicles are designed to be pushed manually across surfaces, allowing for imaginative play.
- **Movable Joints:** Several models feature articulated parts such as excavator arms, crane booms, or helicopter rotors that can be manually adjusted or swung.

MAINTENANCE

- **Cleaning:** Wipe the blocks and assembled vehicles with a dry or slightly damp cloth. Do not immerse in water.
- **Storage:** Store blocks and assembled vehicles in a cool, dry place away from direct sunlight to prevent material degradation.
- **Inspection:** Periodically check for any loose or damaged parts. Replace or remove damaged parts to ensure safe play.

TROUBLESHOOTING

Missing Pieces:

If you find any missing pieces in a block bag, please contact customer support with your product details and the specific item number of the vehicle affected.

Difficulty Assembling:

Ensure you are following the correct instruction manual for the specific vehicle. Some pieces may require a firm but gentle push to connect. If a piece does not fit, double-check the orientation and the step in the manual.

Stickers Not Adhering:

Ensure the surface of the block is clean and dry before applying stickers. Press firmly after application.
