Brightech LightView Pro 5 Diopter

Brightech LightView Pro Magnifying Floor Lamp with LED Light

Model: LightView Pro 5 Diopter (2.25x)

INTRODUCTION

The Brightech LightView Pro Magnifying Floor Lamp is designed to provide clear magnification and bright LED illumination for detailed tasks. Its flexible gooseneck and stable weighted base make it suitable for various activities requiring enhanced visibility and hands-free operation.

WHAT'S IN THE BOX

- 1 x Lamp Head (with integrated LED and magnifying lens)
- 1 x Flexible Gooseneck Arm
- 1 x Adjustable Height Pole
- 1 x Weighted Base
- 1 x Power Cord

SETUP AND ASSEMBLY

1. **Attach the Pole to the Base:** Carefully screw the adjustable height pole into the sturdy weighted base until secure.
2. **Attach the Gooseneck Arm:** Insert the flexible gooseneck arm into the top of the adjustable pole. Ensure it is firmly seated.
3. **Attach the Lamp Head:** Connect the lamp head to the end of the gooseneck arm.

4. **Connect Power:** Plug the power cord into the lamp and then into a standard electrical outlet.

OPERATING INSTRUCTIONS

1. **Power On/Off:** Locate the rotary switch on the lamp head. Turn the switch to power on or off the LED light.
2. **Adjusting Brightness:** The lamp features a built-in dimmer. Rotate the switch to adjust the brightness level of the LED light to your preference.
3. **Positioning the Lamp:** Utilize the flexible gooseneck arm to position the magnifying lens and light precisely over your work area. The gooseneck allows for effortless adjustment without touching the lens.
4. **Using the Magnifier:** The 5 diopter (2.25x) genuine glass lens provides clear, distortion-free magnification. Position your item under the lens for detailed viewing.

Ultra bright cool light for focused tasks

MAINTENANCE

- **Cleaning the Lens:** Use a soft, lint-free cloth and a mild glass cleaner to gently wipe the magnifying lens. Avoid abrasive materials that could scratch the surface.
- **Cleaning the Lamp Body:** Wipe the lamp's exterior with a dry or slightly damp cloth. Do not use harsh chemicals.
- **LED Lifespan:** The integrated LED light is designed for long-lasting performance, with an estimated lifespan of 20,000 hours, eliminating the need for frequent bulb replacements.

TROUBLESHOOTING

- **Light Not Turning On:** Ensure the power cord is securely plugged into both the lamp and the electrical outlet. Check if the outlet is functional by plugging in another device.
- **Unstable Lamp:** Verify that the pole is tightly screwed into the weighted base. Ensure the lamp is placed on a flat, stable surface.
- **Difficulty Adjusting Gooseneck:** The gooseneck is designed to be flexible. If it feels stiff, gently manipulate it to achieve the desired position.
