Proper care and handling are crucial for preserving the condition and value of your trading card. Follow these guidelines:

- **Storage:** Store the card in a protective sleeve (e.g., penny sleeve) and then in a top-loader or rigid card holder to prevent bending, creasing, or surface damage.
- **Environment:** Keep the card away from direct sunlight, extreme temperatures, and high humidity. These conditions can cause fading, warping, or other damage.
- **Handling:** Always handle the card by its edges to avoid transferring oils from your skin to the card surface, which can lead to smudges or discoloration.
