TOZO T12

TOZO T12 Wireless Earbuds Instruction Manual

Model: T12

INTRODUCTION

The TOZO T12 Wireless Earbuds offer a high-quality audio experience with advanced features designed for convenience and durability. This manual provides essential information for setting up, operating, and maintaining your earbuds to ensure optimal performance.

WHAT'S IN THE BOX

- TOZO Wireless Earbuds
- Wireless Charging Case
- Eartips (5 pairs in various sizes)
- USB-C Charging Cable
- User Manual

PRODUCT OVERVIEW

The TOZO T12 earbuds feature a 10mm dynamic driver system for premium sound, Bluetooth 5.3 for stable connectivity, and IPX8 waterproofing. The charging case includes an LED digital display for battery status.

LED Digital Display

The charging case is equipped with a built-in LED digital display that provides real-time information on the battery status of both the charging case and the individual earbuds.

Figure 2: The LED digital display on the charging case shows battery levels for the case and each earbud.

Enhanced Sound Quality

The T12 earbuds feature newly upgraded 10mm dynamic drivers, offering a 56.3% increase in vibration area compared to standard drivers. This design aims to deliver powerful bass and detailed sound reproduction.

Figure 3: Illustration of the 10mm dynamic driver with an enlarged diaphragm for improved sound.

Waterproof Design

With advanced IPX8 waterproofing, the TOZO T12 earbuds are protected against sweat and rain, making them suitable for various activities including outdoor exercise and swimming.

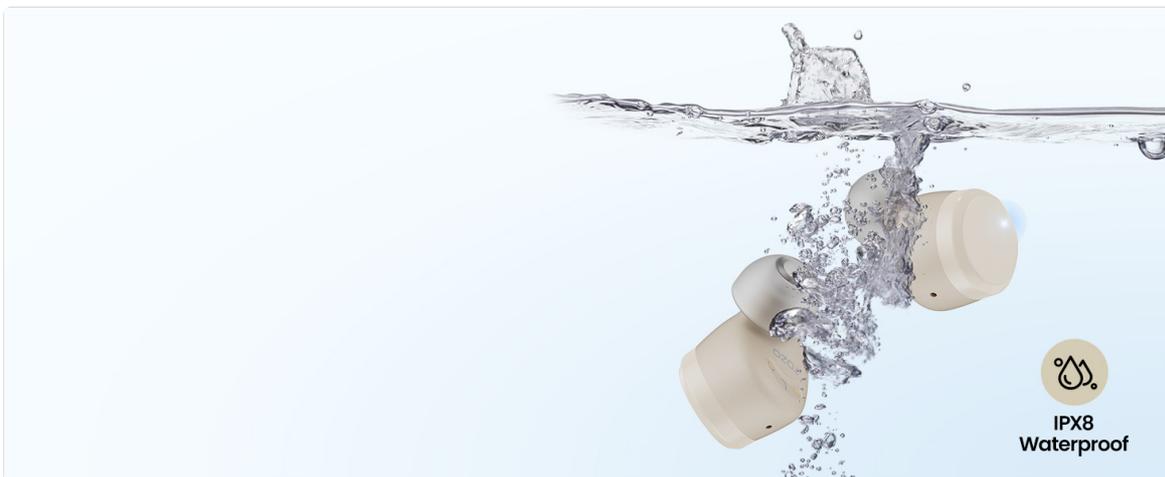

Figure 4: The earbuds are shown in water, highlighting their IPX8 waterproof rating.

SETUP

Initial Pairing and Auto Reconnection

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, etc.), go to Bluetooth settings and select "TOZO T12" from the list of available devices.
3. Once paired, the earbuds will automatically reconnect to your device when the case is opened for subsequent uses.

TOZO App Customization

Enhance your audio experience by downloading the official TOZO App. The app allows you to:

- Explore 16 preset EQ modes to match your music style.
- Customize the EQ settings to your personal preferences.
- Access white noise options for relaxation.

OPERATING INSTRUCTIONS

Touch Controls

The TOZO T12 earbuds feature touch-sensitive controls for managing playback, calls, and voice assistants. Refer to the quick start guide included in the packaging for specific tap functions.

Charging the Earbuds and Case

The charging case provides up to 55 hours of total playtime with multiple charges, while the earbuds offer 15 hours on a single charge.

- **USB-C Charging:** Connect the provided USB-C cable to the charging port on the case and a

power source.

- **Wireless Charging:** Place the charging case on a compatible wireless charging pad (not included).

Figure 7: The charging case supports both wireless and USB-C cable charging.

MAINTENANCE

Cleaning

Regularly clean the earbuds and charging case to maintain optimal performance and hygiene. Use a soft, dry cloth to wipe surfaces. For the eartips, remove them and clean with a mild soap solution, then rinse and dry thoroughly before reattaching.

Water Resistance

The IPX8 rating means the earbuds can withstand submersion in water up to 1 meter for 30 minutes. However, it is recommended to dry the earbuds completely before placing them back in the charging case to prevent damage to the charging contacts.

TROUBLESHOOTING

- **Earbuds not pairing:** Ensure both earbuds are in the charging case, then open the lid. Check your device's Bluetooth settings to ensure "TOZO T12" is selected. If issues persist, try resetting the earbuds (refer to the quick start guide for specific reset instructions).
- **One earbud not working:** Place both earbuds back in the charging case, close the lid, and then open it again. This often re-syncs them.
- **Charging issues:** Ensure the USB-C cable is securely connected or the wireless charging pad is properly aligned. Clean the charging contacts on both the earbuds and the case.

- **Poor sound quality:** Ensure the eartips provide a good seal in your ear canal. Try different sized eartips for a better fit. Clean any debris from the earbud speakers.
