OPERATING INSTRUCTIONS

These storage bins are designed for versatile organization throughout your home.

- **General Use:** Utilize the bins to categorize and store various household items. Their clear design makes it easy to identify contents without needing to remove them.
- **Stacking:** For efficient vertical organization, place one bin securely on top of another. Ensure the items inside do not exceed the rim of the lower bin to maintain stability.
- **Portability:** Use the integrated handles to easily move the bins between locations, such as from a shelf to a countertop.
- **Recommended Applications:**
 - **Bathroom:** Store toiletries, cosmetics, hair accessories, and cleaning supplies.
 - **Kitchen/Pantry:** Organize spices, snacks, small appliances, or cleaning products.
 - **Craft Room:** Keep art supplies, tools, and small components neatly arranged.
 - **Office:** Store documents, stationery, and desk accessories.
 - **Children's Rooms:** Contain toys, books, and small clothing items.

MAINTENANCE

Proper care will ensure the longevity of your mDesign storage bins.

- **Cleaning:** Hand wash the bins with warm water and a mild dish soap.
- **Drying:** Dry completely with a soft cloth to prevent water spots.
- **Avoid:** Do not use abrasive cleaners or scrubbers, as these can scratch the plastic surface. The bins are not dishwasher compatible.

TROUBLESHOOTING

- **Instability when partially filled:** The bins are designed for stability. If a bin appears unstable when partially filled, ensure heavier items are placed at the bottom to lower the center of gravity.
- **Items not fitting:** Verify the dimensions of your items against the bin's internal dimensions (10"L x 5"W x 8.1"H) to ensure proper fit.
- **Sliding on smooth surfaces:** The ribbed bottom is designed to reduce sliding. For extremely smooth surfaces, consider placing a non-slip mat underneath for added grip.
