OneOdio A70

OneOdio A70 Bluetooth Over Ear Headphones User Manual

Model: A70 | Brand: OneOdio

Introduction

This manual provides detailed instructions for the setup, operation, and maintenance of your OneOdio A70 Bluetooth Over Ear Headphones. Please read this manual thoroughly before using the product to ensure proper function and longevity.

What's in the Box

Verify that all items are present in the package:

- OneOdio A70 Headphone
- Pouch
- Packing Box
- Manual
- 6.35mm to 3.5mm Cable
- USB Charging Cable
- 3.5mm Audio Plug Cable

Product Features

- **High-Resolution Sound Quality:** Equipped with custom-made aluminum fascia and 40mm neodymium drivers for powerful bass and dynamic stereo sound.
- **Dual Mode Operation:** Supports both wireless (Bluetooth) and wired connections. Offers up to 72 hours of playtime in wireless mode.
- **Maximum Comfort and Space-Saving Design:** Ergonomic over-ear design with rotatable and foldable structure for comfort and portability. Features soft memory cotton and skin-friendly protein leather earcups.
- **Music or Audio Sharing:** Unique SharePort technology allows multiple users to listen simultaneously by daisy-chaining headphones.
- **Wired Aux Jack Lock Design:** Ensures a stable and secure connection for wired audio.

- **Crystal-Clear Hands-Free Calls:** Built-in HD microphone with advanced noise reduction for clear communication.

Setup

Charging the Headphones

Before first use, fully charge your OneOdio A70 headphones. Connect the included USB charging cable to the headphone's charging port and to a USB power source (e.g., computer USB port, wall adapter). The LED indicator will show charging status.

Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the Multi-function button (usually the power button) until the LED indicator flashes blue and red alternately, indicating pairing mode.

3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "OneOdio A70" from the list of found devices.
5. Once connected, the LED indicator will turn solid blue or flash blue slowly.

Wired Connection

The OneOdio A70 headphones can be used in wired mode even when the battery is depleted.

- **For 3.5mm devices (phones, laptops):** Connect one end of the 3.5mm audio cable to the 3.5mm jack on the headphones and the other end to your device's audio output.
- **For 6.35mm devices (DJ mixers, guitar amps):** Connect the 6.35mm end of the 6.35mm to 3.5mm cable to your audio equipment, and the 3.5mm end to the 3.5mm jack on the headphones.

Operating Instructions

Basic Controls

Button/Function	Action
Power On/Off	Press and hold the Multi-function button.
Play/Pause	Press the Multi-function button once.
Volume Up	Press the '+' button.
Volume Down	Press the '-' button.
Next Track	Press and hold the '+' button.
Previous Track	Press and hold the '-' button.
Answer/End Call	Press the Multi-function button once.
Reject Call	Press and hold the Multi-function button.

Audio Sharing (SharePort Technology)

The OneOdio A70 headphones feature SharePort technology, allowing you to share audio with another pair of headphones.

1. Connect the main OneOdio A70 headphones to your audio source (e.g., smartphone) via Bluetooth or a 3.5mm audio cable.
2. Plug the 6.35mm end of the 6.35mm to 3.5mm cable into the 6.35mm jack on the main OneOdio A70 headphones.
3. Plug the 3.5mm end of the same cable into the 3.5mm jack of a second pair of headphones.
4. Both headphones will now receive audio from the main source.

Maintenance

- Keep the headphones clean by wiping them with a soft, dry cloth.
- Avoid exposing the headphones to extreme temperatures, humidity, or direct sunlight.
- Do not use abrasive cleaners or solvents.
- Store the headphones in the provided pouch when not in use to protect them from dust and scratches.
- Avoid bending or twisting the cables excessively to prevent damage.

Troubleshooting

Problem	Possible Solution
Headphones do not power on.	Ensure the headphones are charged. Connect to a power source using the USB charging cable.
Cannot pair via Bluetooth.	Ensure headphones are in pairing mode (flashing blue/red). Turn off and on Bluetooth on your device. Move closer to the device. Clear previous Bluetooth connections on your device.
No sound in wired mode.	Check if the audio cable is securely connected to both the headphones and the audio source. Ensure the correct cable (3.5mm or 6.35mm adapter) is used for your device. Check device volume.
Poor sound quality / Distortion.	For Bluetooth, ensure you are within range (10 meters) and there are no obstructions. For wired, check the cable for damage. Try a different audio source or cable.
Microphone not working.	Ensure the headphones are connected properly. Check microphone settings on your device. For wired use, ensure the cable with the built-in mic is used if applicable.

Specifications
