SETUP

1. Charging the Headphones

Before first use, fully charge your Jaybird RUN XT headphones. Place both earbuds into the charging case. Connect the USB charging cable to the case and a power source. The LED indicators on the earbuds and case will show charging status.

Figure 2: Charging the Jaybird RUN XT headphones in their case.

2. Pairing with a Bluetooth Device

1. Ensure your headphones are charged and in the charging case.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), go to Bluetooth settings and turn Bluetooth on.
4. Select "Jaybird RUN XT" from the list of available devices.
5. Once connected, a voice prompt will confirm successful pairing.

The Jaybird RUN XT is compatible with any Bluetooth device supporting HFP, HSP, and A2DP profiles.

Controls

The Jaybird RUN XT features media control via touch. Refer to the Quick Start Guide for specific touch gestures for playback, calls, and voice assistant activation.

Sound Customization

Utilize the Jaybird app to customize the equalizer settings for a personalized audio experience. This allows you to adjust the sound profile to your preference.

MAINTENANCE

Cleaning

Regularly clean your earbuds and charging case with a soft, dry cloth. Ensure no moisture enters the charging ports. Remove ear tips and fins for separate cleaning if necessary.

Water and Sweat Protection

The Jaybird RUN XT headphones feature a double hydrophobic nano-coating for IPX7 waterproof and sweatproof performance. This means they can withstand submersion in up to 1 meter of water for 30 minutes. Always ensure the earbuds are dry before placing them back into the charging case to prevent damage.

Figure 6: Jaybird RUN XT headphones are sweat and waterproof (IPX7).

TROUBLESHOOTING

No Sound or Disconnection

- Ensure both earbuds are charged.
- Check Bluetooth connection on your device. Try turning Bluetooth off and on again.
- If issues persist, try resetting the headphones. Refer to the Quick Start Guide for reset instructions.
- Ensure no physical obstructions are between the headphones and your device, as Bluetooth range is up to 10 meters.

Charging Issues

- Verify the USB charging cable is securely connected to both the case and the power source.
- Ensure the charging case itself has power.
- Clean the charging contacts on both the earbuds and inside the case.
