DELTA 73250-SS

Delta Woodhurst Toilet Paper Holder

Model: 73250-SS | Brand: DELTA

INTRODUCTION

The Delta Woodhurst Toilet Paper Holder, model 73250-SS, is designed to provide convenient and organized storage for toilet paper rolls in your bathroom. Its refined style and Brilliance Stainless finish complement a variety of bathroom decors, from traditional to contemporary. This wall-mounted holder features a pivoting arm for easy roll replacement, ensuring a functional and aesthetically pleasing addition to your space.

SETUP AND INSTALLATION

This toilet paper holder is designed for wall-mounted installation and includes all necessary hardware. For detailed instructions, refer to the official installation manual. The design allows for an easy, one-tool installation, particularly for drywall applications.

Installation Steps:

- 1. Prepare the Mounting Location:** Select a suitable wall location in your bathroom. Ensure the surface is clean and dry.
- 2. Mark Drilling Points:** Carefully measure and mark the precise drilling points on the wall according to the dimensions

provided in the manual. Precision is crucial for proper alignment and secure mounting.

3. **Install Mounting Brackets:** Drill pilot holes as indicated and secure the mounting brackets to the wall using the provided hardware. For drywall installations, specialized anchors may be required to ensure a solid attachment.
4. **Attach the Holder:** Align the toilet paper holder with the installed mounting brackets and secure it using the set screws, typically tightened with an Allen wrench. Ensure the holder is level and firmly attached to prevent movement.

EASY INSTALL

NO DRILL!

Easy one tool install.

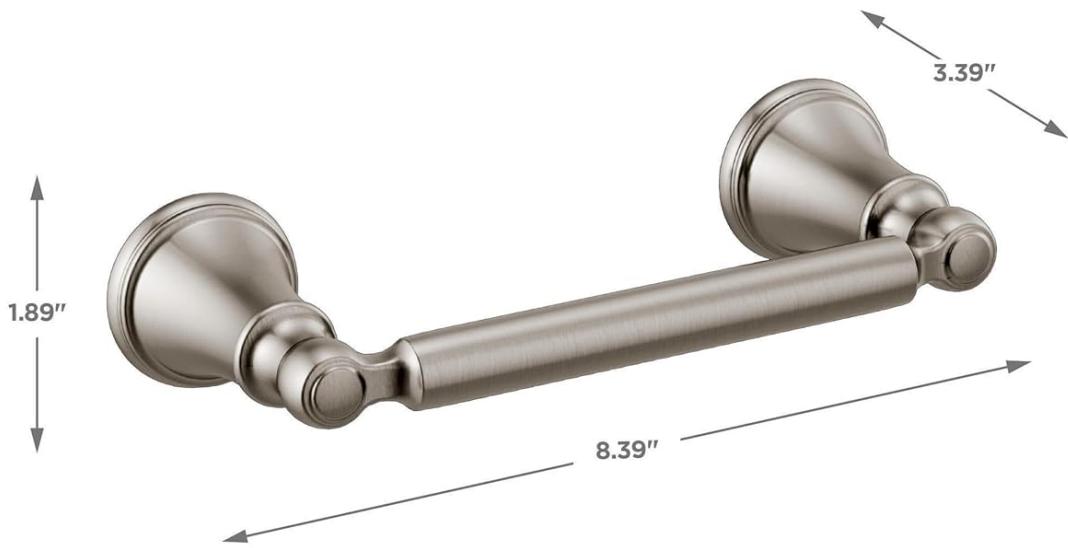

*Drywall installation only

BATH HARDWARE

Figure 2: The product is designed for easy installation, often requiring only one tool for drywall applications.

DIMENSIONS

BATH HARDWARE

Figure 3: Product dimensions are 8.39 inches in length and 3.39 inches in width, important for installation planning.

OPERATING INSTRUCTIONS

The Delta Woodhurst Toilet Paper Holder features a convenient pivoting arm mechanism, designed for effortless replacement of toilet paper rolls.

Replacing the Toilet Paper Roll:

- Pivot the Arm:** Gently lift the pivoting arm of the holder upwards. The arm will swing away from the wall, creating space to remove the empty roll.
- Remove/Insert Roll:** Slide the empty toilet paper roll off the arm. Place a new standard-sized toilet paper roll onto the arm.
- Return the Arm:** Lower the pivoting arm back into its horizontal position until it rests securely. The new roll is now ready for use.

Figure 4: The pivoting arm allows for quick and easy replacement of toilet paper rolls.

MAINTENANCE

To ensure the longevity and appearance of your Delta Woodhurst Toilet Paper Holder, follow these simple maintenance guidelines:

- **Cleaning:** Clean the surface regularly with a soft, damp cloth. Avoid abrasive cleaners, harsh chemicals, or polishes, as these can damage the Brilliance Stainless finish.
- **Drying:** After cleaning, dry the holder thoroughly with a soft, dry cloth to prevent water spots and maintain its luster.
- **Inspection:** Periodically check the mounting screws and connections to ensure they remain tight. If any looseness is detected, gently tighten the screws.

The Brilliance Stainless finish is designed to resist corrosion, tarnishing, and discoloration, ensuring a lasting aesthetic with proper care.

TROUBLESHOOTING

This section addresses common issues you might encounter with your toilet paper holder.

- **Holder Feels Loose or Wobbly:**

- **Cause:** Mounting screws may have loosened over time, or the initial installation was not sufficiently secure.
- **Solution:** Re-tighten the set screws that secure the holder to the wall mounts. If the issue persists, the mounting anchors in the wall may need to be reinforced or replaced, especially if installed directly into drywall without adequate support. Consider installing into a wall stud or using heavy-duty drywall anchors.

- **Toilet Paper Roll Does Not Pivot Smoothly:**

- **Cause:** Accumulation of dust or debris in the pivoting mechanism, or misalignment during installation.
- **Solution:** Clean the pivoting joints with a soft, dry cloth to remove any obstructions. Ensure the holder was installed level and that the mounting points are not causing undue stress on the pivoting mechanism.

- **Finish Discoloration or Spots:**

- **Cause:** Use of abrasive cleaners, harsh chemicals, or prolonged exposure to moisture.
- **Solution:** Refer to the maintenance section. Use only soft cloths and mild soap and water for cleaning. Dry the surface immediately after cleaning. The Brilliance Stainless finish is designed to resist these issues under normal use and proper care.

SPECIFICATIONS

Feature	Detail
Brand	DELTA
Model Number	73250-SS
Material	Zinc
Finish Type	Brushed
Color	Stainless
Installation Type	Wall Mounted
Product Dimensions	8.39"L x 3.39"W
Item Weight	1.12 pounds (0.51 Kilograms)
