Dodge Grand Caravan

2019 Dodge Grand Caravan Owner's Manual

Your comprehensive guide to operating and maintaining your vehicle.

INTRODUCTION

Welcome to the world of your new 2019 Dodge Grand Caravan. This manual contains important information regarding the operation, maintenance, and safety of your vehicle. Please read it thoroughly to familiarize yourself with the features and capabilities of your Grand Caravan. Keep this manual in your vehicle for quick reference.

Important Safety Notice: Always pay attention to the road and traffic conditions. Driving while distracted can result in loss of vehicle control, accident, and injury. Always wear your seatbelt.

GETTING STARTED

Key Fob and Vehicle Access

Your Grand Caravan comes with a remote keyless entry (RKE) key fob. This device allows you to lock, unlock, and start your vehicle remotely. Ensure the battery is always charged for optimal performance.

- Press the **LOCK** button once to lock all doors.
- Press the **UNLOCK** button once to unlock the driver's door, or twice to unlock all doors.
- Press the **REMOTE START** button twice to start the engine remotely.

Seat and Mirror Adjustment

Proper adjustment of your seat and mirrors is crucial for comfort and safety. Adjust these before driving.

- **Seats:** Use the levers on the side of the seat to adjust forward/backward, recline, and height.
- **Side Mirrors:** Use the control panel on the driver's door to adjust the left and right exterior mirrors.
- **Rearview Mirror:** Manually adjust for optimal rear visibility.

OPERATING YOUR VEHICLE

Starting and Driving

To start your Grand Caravan, ensure the vehicle is in PARK (P) or NEUTRAL (N), then press the brake pedal and push the ENGINE START/STOP button. For traditional key ignition models, insert the key and turn to START.

Infotainment System

Your vehicle is equipped with a Uconnect infotainment system. This system provides access to radio, media, navigation (if equipped), and vehicle settings.

- **Radio:** Select AM/FM/SiriusXM (subscription required) from the main menu.
- **Media:** Connect your smartphone via USB or Bluetooth for audio playback.
- **Navigation:** Enter destinations and follow turn-by-turn directions.

Climate Control

The automatic temperature control system allows you to set and maintain a desired cabin temperature. Use the controls on the center stack to adjust temperature, fan speed, and air distribution.

MAINTENANCE

Regular maintenance is essential for the longevity and performance of your 2019 Dodge Grand Caravan. Refer to the maintenance schedule for recommended service intervals.

Fluid Checks

- **Engine Oil:** Check oil level regularly using the dipstick. Add oil if below the "MIN" mark.
- **Coolant:** Ensure coolant level is between "MIN" and "MAX" when the engine is cold.
- **Brake Fluid:** Check fluid level in the reservoir. Low levels may indicate brake wear or a leak.
- **Windshield Washer Fluid:** Keep the reservoir filled for clear visibility.

Tire Care

Maintain correct tire pressure as specified on the tire placard located on the driver's side door jamb. Rotate tires every 6,000 to 8,000 miles for even wear.

TROUBLESHOOTING

This section provides solutions to common issues you might encounter with your Grand Caravan.

Warning Lights

- **Check Engine Light:** If illuminated, it indicates an emission control system issue. Consult a qualified service technician.
- **Oil Pressure Warning:** Stop the vehicle immediately and check engine oil level. Do not drive with low oil pressure.
- **Battery/Charging System Warning:** Indicates a problem with the vehicle's charging system. Seek service promptly.

Flat Tire

Your vehicle is equipped with a spare tire and a jack kit. Refer to the instructions in the trunk for safe tire changing procedures. Always ensure the vehicle is on a level, firm surface and the parking brake is engaged.

Dead Battery

If your vehicle does not start due to a dead battery, you can jump-start it using jumper cables and another vehicle. Follow the instructions carefully to avoid damage to electrical systems. Connect positive to positive, then negative to a good ground point on the dead vehicle.
