2. SAFETY INFORMATION

To ensure safe operation, always adhere to the following precautions:

- Do not use the blanket if you are pregnant, have heart conditions, high blood pressure, or any other serious medical condition without consulting a physician.
- Avoid using the blanket immediately after a heavy meal or under the influence of alcohol.
- Ensure the blanket is placed on a flat, heat-resistant surface. Do not use on soft surfaces like beds or sofas where heat dissipation may be restricted.
- Do not fold or crease the blanket excessively during operation, as this may cause overheating in specific areas.
- Keep the control unit and power cords away from water or damp environments.
- Unplug the device from the power outlet when not in use or before cleaning.
- Do not allow children or individuals with reduced physical, sensory, or mental capabilities to operate the device without supervision.
