Troubleshooting

If you encounter any issues with your IRIS USA Large Open Top Cat Litter Box, consider the following:

- **Litter Scatter:** Ensure the litter level is not too high. The high walls are designed to minimize scatter, but excessive litter can still be kicked out.
- **Odor Issues:** Increase the frequency of scooping and full litter changes. Ensure the litter box is thoroughly cleaned with mild soap and water. Consider using odor-controlling litter.

- **Cat Refusal to Use:** Cats can be particular about their litter box. Ensure it is clean, placed in a quiet, accessible location, and filled with a litter type your cat prefers. Some cats may prefer a different litter depth.
