The On-Screen Display (OSD) supports multiple languages. To change the OSD language, navigate to the settings menu, select 'Language', and choose your preferred language from the available options (English, Arabic, Persian, Russian, Turkish).

6. MAINTENANCE

Proper maintenance ensures the longevity of your TV.

- **Screen Cleaning:** Gently wipe the screen with a soft, lint-free cloth. For stubborn marks, slightly dampen the cloth with water or a specialized screen cleaner. Do not spray liquid directly onto the screen.
- **Cabinet Cleaning:** Wipe the TV cabinet with a soft, dry cloth.
- **Dust Removal:** Regularly dust the ventilation openings to prevent overheating.
- **Power Off:** Unplug the TV from the power outlet during lightning storms or when it will be left unattended for long periods.

7. TROUBLESHOOTING

If you encounter issues with your TV, refer to the following common problems and solutions:

Problem	Possible Solution
No power	Check if the power cable is securely connected to both the TV and the power outlet. Ensure the power outlet is functioning.
No picture, but sound is present	Verify the correct input source is selected. Check cable connections to external devices.
No sound, but picture is present	Check the volume level and ensure the TV is not muted. Verify audio cable connections.
Remote control not working	Replace the batteries in the remote control. Ensure there are no obstructions between the remote and the TV's IR sensor.
Cannot connect to Wi-Fi	Ensure your Wi-Fi router is on and within range. Re-enter the Wi-Fi password. Restart both the TV and the router.
Smart apps are slow or unresponsive	Check your internet connection speed. Close unused applications. Restart the TV.

If the problem persists after trying these solutions, please contact customer support.
