# Banpresto Dragon Ball Super S.S. Son Goku Z-Battle Figure 35834 Instruction Manual

Model: 35834

## INTRODUCTION

---

Thank you for purchasing the Banpresto Dragon Ball Super S.S. Son Goku Z-Battle Figure. This highly detailed collectible figure captures Super Saiyan Son Goku in a dynamic battle pose. This manual provides essential information for the proper setup, display, and care of your figure to ensure its longevity and enjoyment.

## SETUP

---

Your Banpresto S.S. Son Goku Z-Battle Figure comes with the main figure and a base stand. Follow these steps for proper assembly:

1. **Unboxing:** Carefully remove all components from the packaging. Inspect the figure and base for any visible damage.
2. **Base Attachment:** Locate the peg(s) on the base stand and the corresponding hole(s) on the figure's feet. Gently align the figure with the base and press down firmly until it is securely attached. Do not force the connection, as this may cause damage.
3. **Placement:** Place the assembled figure on a flat, stable surface away from direct sunlight, extreme temperatures, and high humidity. Ensure it is out of reach of small children and pets.

## OPERATING (DISPLAY AND POSING)

---

This figure is designed for static display. While it is not articulated, its dynamic pose is intended to be appreciated from various angles.

- **Display Location:** Choose a prominent location where the figure can be admired. Consider lighting to

highlight its details.

- **Stability:** Always ensure the figure is securely attached to its base and placed on a stable surface to prevent accidental falls.
- **Handling:** When moving the figure, always lift it by the base or the main body. Avoid gripping smaller, delicate parts like hair or extremities to prevent breakage.

## MAINTENANCE

---

Proper maintenance will help preserve the appearance and condition of your figure.

- **Cleaning:** Dust the figure regularly with a soft, dry brush or a microfiber cloth. For stubborn dirt, lightly dampen a cloth with water (no harsh chemicals) and gently wipe the affected area. Avoid excessive moisture.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause discoloration or fading of the figure's paintwork.
- **Temperature and Humidity:** Store the figure in an environment with stable room temperature and moderate humidity. Extreme fluctuations can affect the plastic material.
- **Chemicals:** Do not use alcohol, paint thinners, or abrasive cleaners, as these can damage the paint or plastic.

## TROUBLESHOOTING

---

Here are solutions to common issues you might encounter:

- **Figure is unstable on base:** Ensure the figure's pegs are fully inserted into the base holes. If the fit is loose, gently try to adjust the angle or ensure no debris is obstructing the connection.
- **Dust accumulation:** Refer to the "Cleaning" section under Maintenance for proper dusting techniques.
- **Minor scuffs/marks:** For very minor surface marks, a soft, slightly damp cloth may help. Avoid rubbing vigorously. If the paint is chipped, professional repair may be required.
