ASSEMBLY INSTRUCTIONS

Assembling your 3D Crystal Puzzle requires patience and attention to detail. The pieces interlock to form the three-dimensional shape. It is recommended to work on a flat, clean surface.

General Assembly Tips:

- **Sort Pieces:** Begin by sorting the pieces by shape and size. Some pieces may have distinct features that help identify their position.
- **Identify Core Pieces:** Look for pieces that form the central structure or base of the figure. These are often the starting point.
- **Interlocking Mechanism:** The pieces are designed to slide and lock into place. Do not force pieces together, as this may cause damage. If a piece doesn't fit easily, try another.
- **Reference Image:** Use the product image on the packaging or in this manual as a guide for the final shape.
- **Build in Layers:** Many 3D crystal puzzles are built in layers, from the inside out or bottom up.

DISPLAYING YOUR PUZZLE

Once assembled, your Dumbo 3D Crystal Puzzle is ready for display. Ensure it is placed on a stable, flat surface to prevent accidental falls. The translucent material allows light to pass through, creating an attractive visual effect.

CARE AND MAINTENANCE

- **Cleaning:** To clean the puzzle, gently wipe it with a soft, dry cloth. Avoid using abrasive cleaners or harsh chemicals, as these can scratch or damage the plastic.
- **Storage:** If disassembling for storage, keep all pieces in a secure container to prevent loss. Store in a cool, dry place away from direct sunlight to prevent material degradation.
- **Handling:** Handle the assembled puzzle with care to avoid pieces separating.

TROUBLESHOOTING

- **Pieces Not Fitting:** If pieces do not fit, double-check the shape and orientation. 3D puzzles often require precise alignment. Refer to the visual guides or try a different piece. Do not force pieces.
- **Puzzle Instability:** Ensure all pieces are fully interlocked. Sometimes a slight adjustment to a piece can improve overall stability.
- **Missing Pieces:** Carefully check the packaging and your work area. If a piece is genuinely missing, contact the manufacturer's customer support.
