XIAOMI SJV4109GL

XIAOMI USB Type-C Cable (Model: SJV4109GL) Instruction Manual

Model: SJV4109GL

1. PRODUCT OVERVIEW

The XIAOMI USB Type-C Cable (Model SJV4109GL) is a 100CM black cable designed for connecting USB Type-C compatible devices. This cable features a durable Kevlar material braided shell, offering enhanced resistance to drops, pulls, and general wear. It is engineered for reliable charging and data transfer.

2. KEY FEATURES

- **Universal Compatibility:** Designed for use with USB Type-C smartphones and various other electronic devices.
- **Durable Construction:** Features a Kevlar material braided cable shell for increased strength and longevity, making it drop-resistant and tangle-free.
- **Certified Performance:** USB-IF certified, ensuring reliable and secure device connection and performance.
- **Optimal Length:** 100CM (approximately 3.3 feet) length for convenient use.
- **High Data Transfer Rate:** Supports data transfer at up to 0.48 Gigabits Per Second.
- **Power Delivery:** Capable of handling up to 2 Amps AC adapter current and a maximum voltage of 20 Volts.

3. SETUP AND INSTALLATION

The XIAOMI USB Type-C Cable is designed for straightforward connection. Follow these steps:

1. Identify the USB-A end of the cable (the rectangular connector).
2. Insert the USB-A end into a compatible power adapter (for charging) or a USB port on a computer (for charging and data transfer).
3. Identify the USB Type-C end of the cable (the smaller, reversible connector).
4. Insert the USB Type-C end into the corresponding port on your smartphone or other compatible electronic device.

4. OPERATING INSTRUCTIONS

Once the cable is securely connected between your power source/computer and your device, it will automatically begin its function:

- **Charging:** If connected to a power adapter, your device will begin charging. The charging speed will depend on the power adapter's output and your device's charging capabilities.
- **Data Transfer:** If connected to a computer, your device will typically prompt you to select a connection mode (e.g., "File Transfer," "Charging Only"). Select "File Transfer" to enable data exchange between your device and the computer. Ensure both devices are powered on for successful data transfer.

5. MAINTENANCE

Proper care will extend the life of your XIAOMI USB Type-C Cable:

- **Storage:** Store the cable in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid excessive bending, twisting, or pulling on the cable, especially near the connectors,

to prevent internal damage.

- **Cleaning:** If connectors become dirty, gently wipe them with a dry, lint-free cloth. Do not use liquids or abrasive cleaners.
- **Disconnection:** Always pull from the connector housing, not the cable itself, when disconnecting from a device or power source.

6. TROUBLESHOOTING

If you encounter issues with your cable, consider the following:

- **Device Not Charging:**

- Ensure both ends of the cable are fully and securely inserted into their respective ports.
- Try using a different power adapter or USB port on your computer.
- Verify that the power outlet is functional.
- Check if your device's charging port is clean and free of debris.

- **Data Transfer Failure:**

- Confirm that your device is set to "File Transfer" mode when connected to a computer.
- Ensure both the device and computer are powered on.
- Try connecting to a different USB port on your computer.
- Restart both your device and computer.

- **Cable Damage:** Inspect the cable for any visible signs of damage, such as fraying, cuts, or bent connectors. Discontinue use if damage is found.

7. SPECIFICATIONS

Attribute	Detail
Brand	XIAOMI
Model Name	SJV4109GL
Connector Type	USB Type C
Cable Type	USB
Compatible Devices	Smartphone
Special Feature	Braided, Tangle Free
Color	Black
Length	100 CM
Outer Material	Thermoplastic Elastomer (TPE)
Data Transfer Rate	0.48 Gigabits Per Second
AC Adapter Current	2 Amps
Maximum Voltage	20 Volts

Item Weight	0.705 ounces (approx. 20 grams)
Product Dimensions	7.28 x 2.76 x 1.18 inches
Certification	USB-IF
