Yaheetech 54-inch Wrought Iron Standing Large Bird Cage Instruction Manual

Model: YT-00091297 | Color: Hammertone Black

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Yaheetech 54-inch Wrought Iron Standing Large Bird Cage. Designed for the comfortable housing of several small to medium-sized birds, this cage offers a secure and spacious environment. Please read all instructions carefully before assembly and use to ensure proper setup and safety for your pets.

SAFETY INFORMATION

- Ensure all parts are securely fastened before placing any animals inside the cage.
- Regularly inspect the cage for any damaged or loose parts that could pose a risk to your pets.
- Keep small children and other pets away from the assembly area during setup.
- Do not hang heavy objects from the cage structure.
- The 0.4-inch bar spacing is designed for small to medium birds. Ensure your specific bird species is suitable for this spacing to prevent escape or injury.

PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. Refer to the included installation manual (PDF) for a detailed parts list and diagrams.

Note: The full installation manual is available as a PDF document for detailed diagrams and part identification.

SETUP AND ASSEMBLY

Assembly is required but is not difficult. The accompanying instructions will guide you through the installation process. It is recommended to have a second person assist with assembly for easier handling of larger panels.

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, flat surface to identify each piece.
2. **Assemble the Base Stand:** Connect the metal frame pieces for the stand using the provided hardware. Ensure all connections are secure.
3. **Attach Casters:** Secure the four 360° swivel casters to the bottom of the stand legs. These allow for easy mobility of the cage.
4. **Assemble Cage Panels:** Connect the side, front, and back panels of the cage. Pay attention to the orientation of the panels, especially those with feeder doors and the main entrance.
5. **Install Internal Grate and Tray:** Slide the bottom grate into place above the pull-out tray. The pull-out tray should be easily removable for cleaning.
6. **Secure Top Panel:** Attach the top panel to the assembled cage structure.
7. **Place Cage onto Stand:** Carefully lift the assembled cage and place it onto the stand, ensuring it sits securely.
8. **Install Perches and Feeders:** Insert the wooden perches into the designated slots. Place the plastic feeder cups into the feeder door openings.

OPERATING INSTRUCTIONS

The Yaheetech bird cage is designed for ease of use and pet safety.

Main Entrance and Locks:

The large front door facilitates easy entry and exit for your birds and allows for convenient access for cleaning and interaction. It is equipped with a sturdy crescent lock to prevent escapes. Simply lift the latch to open and push down to secure.

Feeder Doors:

Four feeder doors are strategically placed on the cage walls, allowing you to refill food and water without disturbing your birds inside the main compartment. These doors are also secured with simple latches.

Mobility:

The cage stand features four 360° swivel smooth-rolling casters, enabling effortless movement of the cage. The stand is detachable, allowing the cage to be used without it, or the casters can be directly attached to the cage bottom for mobility without the stand.

MAINTENANCE

Cleaning:

The pull-out tray located at the bottom of the cage can be easily removed for cleaning. Simply slide it out and clean with water. The grate above the tray prevents pets from directly contacting their droppings, promoting a cleaner environment. For general cage cleaning, hand wash with mild soap and water, then rinse thoroughly and dry completely before reassembly.

Figure 4: The pull-out tray design for easy cleaning.

TROUBLESHOOTING

Wobbly Cage/Stand:

If the cage or stand feels wobbly after assembly, re-check all screws and connections. Ensure they are tightened securely. Sometimes, loosening and then re-tightening screws can help align the frame properly. Verify that all metal pieces, especially on the stand, are facing the correct direction as per the installation diagrams to ensure stability.

Difficulty with Assembly:

If you encounter difficulties during assembly, refer to the detailed PDF installation manual provided with the product. Ensure all parts are correctly oriented before tightening screws. Some parts may require slight manipulation to align properly.

SPECIFICATIONS

Attribute	Value
Item Weight	24.69 Pounds
Item Dimensions (LxWxH)	24.5"L x 17"W x 53.5"H
Material	Wrought Iron
Color	Hammertone Black
Gap Size	0.4 Inches
Model Name	Bird Cage
Item Model Number	YT-00091297
