PHILIPS BRE285/00

Philips Satinelle Essential Epilator BRE285/00 User Manual

Model: BRE285/00

PRODUCT OVERVIEW

The Philips Satinelle Essential Epilator BRE285/00 is designed for efficient hair removal, leaving your skin smooth for weeks. This corded epilator features gentle tweezing discs and an Opti-light to ensure fewer hairs are missed. It offers two speed settings to accommodate both thinner and thicker hairs, providing a personalized hair removal experience.

The product comes with several accessories to enhance your hair removal routine, including a shaving head, trimming head, bikini trimmer comb, massage cap, exfoliation glove, pouch, and a cleaning brush.

SETUP AND PREPARATION

Before using your Philips Satinelle Essential Epilator, ensure you are in a comfortable and well-lit area.

1. **Power Connection:** Plug in the Philips Satinelle Essential Corded Epilator into a suitable power outlet. This device operates on corded electric power.
2. **Skin Preparation:** For optimal results and to help prevent ingrown hairs, it is recommended to exfoliate your skin before epilating.

OPERATING INSTRUCTIONS

Follow these steps for effective hair removal:

1. **Select Speed Setting:** Choose one of the two available speed settings. Speed 1 is generally for thinner hairs, while Speed 2 is for thicker hairs, allowing for a more personalized hair removal treatment.
2. **Start Epilation:** Press the start button to turn on the epilator. The unique built-in Opti-light will illuminate the area, helping you to see and remove even the finest hairs.
3. **Positioning:** Hold the epilator at a right angle (90 degrees) to your skin for optimal results.
4. **Epilation Direction:** Move the epilator slowly against the direction of hair growth. This ensures the gentle tweezing discs effectively grasp and remove hairs from the root.
5. **Using Attachments:**
 - For sensitive areas or to trim and shape intimate areas, attach the *trimming head* and *bikini comb*.
 - After epilation, you can use the *massage cap* or *exfoliation glove* to soothe and care for your skin.

MAINTENANCE AND CLEANING

Regular cleaning ensures the longevity and hygienic operation of your epilator.

1. **After Each Use:** Always clean the epilator after each use.
2. **Cleaning Brush:** Use the provided cleaning brush to remove any trapped hairs from the epilation head and attachments.
3. **Storage:** Store the epilator and its accessories in the provided pouch in a dry place.

Note: This epilator is not water resistant. Do not rinse the device under water.

TROUBLESHOOTING

This section addresses common inquiries regarding the Philips Satinelle Essential Epilator BRE285/00.

- **Device Not Turning On:** Ensure the epilator is securely plugged into a working power outlet. Verify there is power to the outlet.
- **Ineffective Hair Removal:**
 - Ensure you are holding the epilator at a 90-degree angle to your skin.
 - Move the epilator slowly against the direction of hair growth.
 - Check if the epilation head is clean and free of hair buildup.
- **Skin Irritation:**
 - Ensure your skin is clean and dry before epilating.
 - Exfoliate regularly to prevent ingrown hairs.
 - Use the massage cap after epilation to soothe the skin.

If you experience persistent issues not covered here, please refer to the warranty and support section for contact information.
