Setup and Assembly

The AFI Southampton Murphy Bed Chest is designed for straightforward assembly. An official Installation Manual (PDF) is available for detailed step-by-step instructions. It is recommended to have at least two adults for assembly.

Key Assembly Points:

- **Unpacking:** Carefully unpack all components and verify against the parts list in the installation manual.
- **No Mounting Required:** This unit is free-standing and does not require wall mounting.
- **Hardware:** Ensure all screws, bolts, and connectors are used as specified. Spare hardware may be included.
- **Mattress:** The 6-inch CoolSoft, Gel-Infused Memory Foam Fold-A-way Mattress is included and designed to fit the unit.

Assembly Overview:

The assembly process involves constructing the main cabinet, integrating the bed frame, and attaching the storage drawer. Follow the sequence provided in the detailed PDF manual.

4. Adjust the mattress as needed for comfort.

Converting from Bed to Chest:

1. Remove any bedding that would prevent the mattress from folding.
2. Gently lift the bed frame from the front, allowing the mattress to fold back into the cabinet.

3. Push the bed frame fully back into the cabinet and secure the top cabinet doors.
4. Push the storage drawer back into its closed position.
