# FABER STEELMAX 800 Inclined Decorative Hood User Manual

Model: 7612985513357

## 1. PRODUCT OVERVIEW

The FABER STEELMAX 800 is an 80cm inclined decorative hood, designed with stainless steel and black glass. It features advanced extraction capabilities and user-friendly controls to enhance your kitchen environment.

Figure 1: Front view of the FABER STEELMAX 800 Inclined Decorative Hood.

Figure 2: The FABER STEELMAX 800 hood seamlessly integrated into a kitchen setting.

## Key Features:

- 80 cm width, stainless steel and black glass finish.
- 3 speeds plus 1 intensive temporization setting.
- Sensitive touch controls.
- Evo motor for excellent energy and sound performance.
- Double aspiration system with two filtration levels for high efficiency.
- Integrated LED lighting.
- Can be installed with or without the stainless steel chimney.

## 2. SETUP AND INSTALLATION

This hood is designed for wall-mounted installation. Ensure you have adequate space and proper electrical connections before proceeding. The hood can operate in ducted or recirculating mode.

## Components Included:

- 2 metal grease filters
- LED lighting
- Stainless steel chimney (installation optional)

## Optional Components (Sold Separately):

- Charcoal filter (Reference: 0449613) for recirculating mode.
- Recycling kit for recirculating mode (White: 0801305 / Black: 0801329 / Stainless Steel: 0251871).

Figure 3: The hood shown with its stainless steel chimney installed.

## Installation Notes:

- The exhaust outlet diameter is 150 mm.
- Detailed installation instructions are provided in the separate installation guide. Ensure all safety precautions are

followed.

### 3. OPERATING INSTRUCTIONS

The FABER STEELMAX 800 features intuitive touch controls for easy operation of its functions.

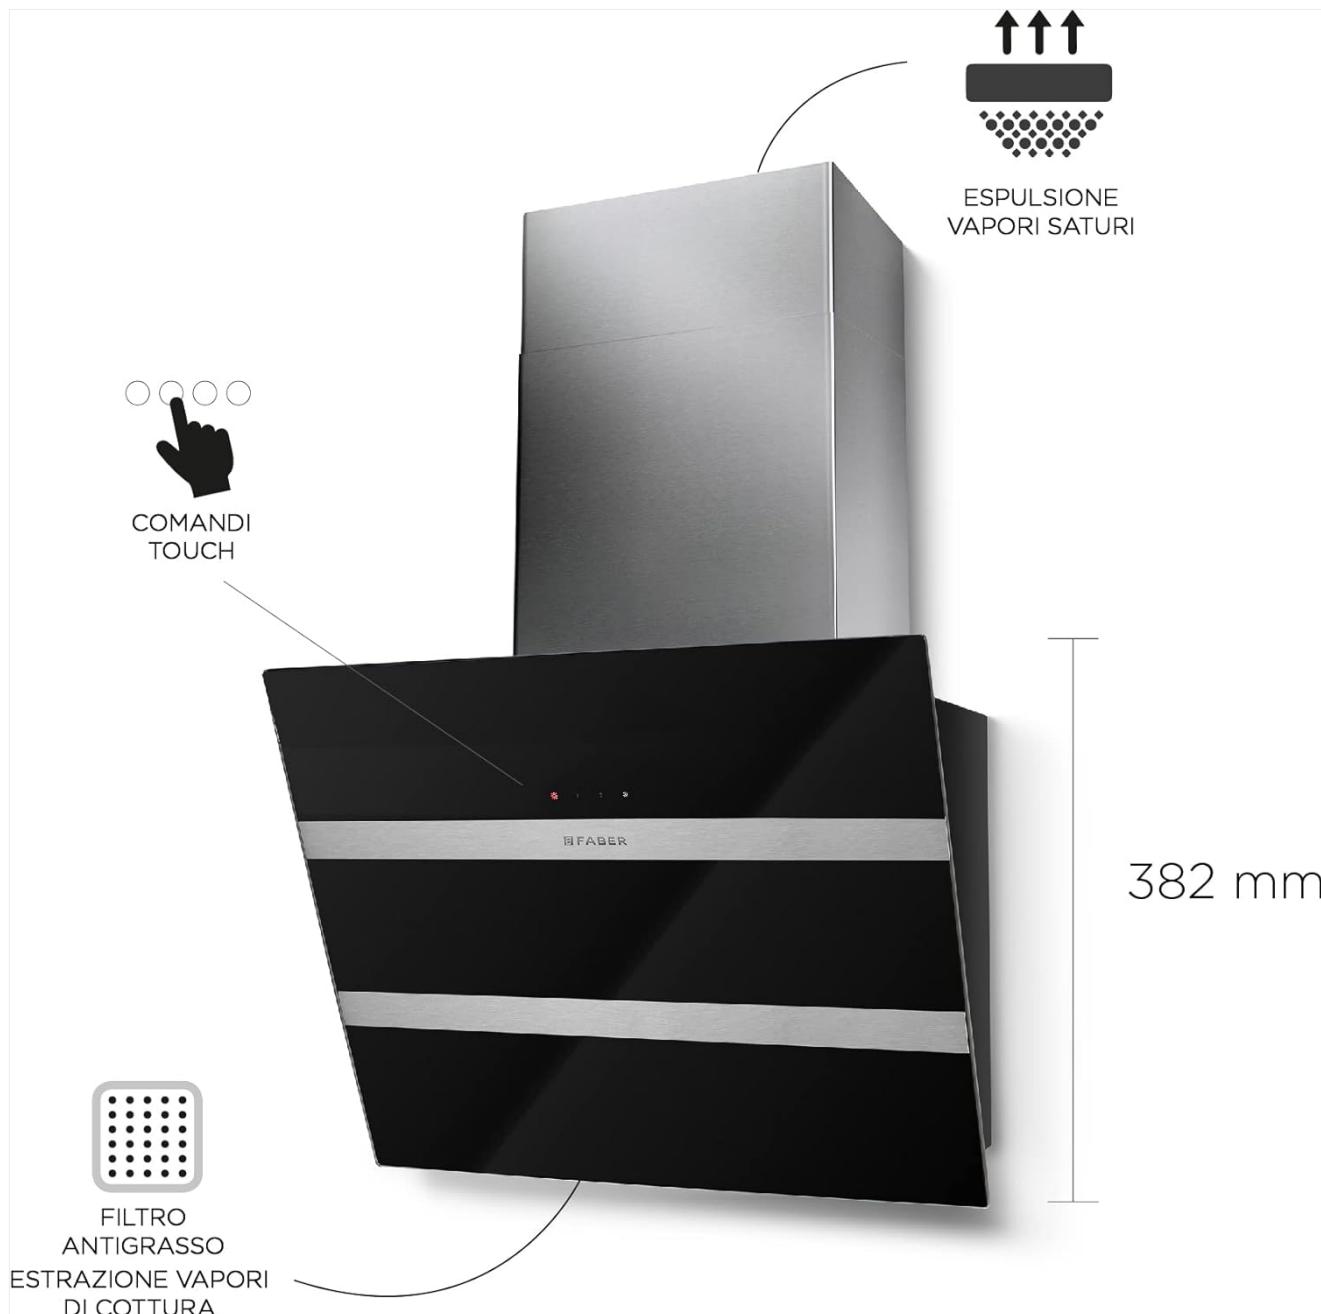

Figure 4: Close-up of the touch controls and illustration of the double aspiration system.

#### Control Panel:

The control panel is located on the front glass facade. It includes sensitive touch buttons for power, speed selection, and lighting.

- Power On/Off:** Touch the power symbol to turn the hood on or off.
- Speed Selection:** Select from 3 normal speeds or activate the intensive temporization setting for maximum extraction.
- LED Lighting:** Touch the light symbol to turn the LED lighting on or off.

#### Double Aspiration System:

The double aspiration system ensures high extraction efficiency by filtering air at two levels: one beneath the hood and another behind the glass panel.

## 4. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your hood.

### Grease Filters:

- The hood is equipped with 2 metallic grease filters.
- These filters should be cleaned regularly (e.g., monthly) to maintain extraction efficiency. They are typically dishwasher-safe or can be washed by hand with hot water and detergent.

### Charcoal Filter (for Recirculating Mode):

- If operating in recirculating mode, an optional charcoal filter (Reference: 0449613) is required.
- Charcoal filters are not washable and must be replaced periodically, typically every 3-6 months depending on usage.

### Cleaning the Exterior:

- Clean the stainless steel and glass surfaces with a soft cloth and a non-abrasive cleaner specifically designed for these materials.
- Avoid using harsh chemicals or abrasive pads that could scratch the surfaces.

## 5. TROUBLESHOOTING

If you encounter issues with your hood, refer to the following general troubleshooting tips. For more complex problems, contact customer support.

- **Hood not turning on:** Check the power supply and ensure the hood is properly plugged in. Verify that the circuit breaker has not tripped.
- **Low extraction power:** Clean or replace the grease filters. If in recirculating mode, check and replace the charcoal filter if necessary. Ensure there are no obstructions in the ducting (if applicable).
- **Excessive noise:** Check for loose components or improper installation. Ensure filters are correctly seated.
- **Lights not working:** Check if the LED lights are properly connected. If individual LEDs are replaceable, consult a qualified technician.

## 6. SPECIFICATIONS

Detailed technical specifications for the FABER STEELMAX 800 Inclined Decorative Hood.

Feature	Specification
Brand	FABER
Model Number	7612985513357
Color	Black/Stainless Steel

Feature	Specification
Material	Stainless Steel
Product Dimensions (L x W x H)	80 x 38 x 38 cm
Item Weight	18.8 Kilograms
Number of Speeds	3
Airflow Capacity	730 Cubic Meters per Hour
Noise Level	67 Decibels
Light Source Type	LED
Filter Type	Metal
Ventilation Type	Ductless/Recirculating
Control Type	Touch
Voltage	230 Volts
Mounting Type	Wall Mount

## 7. WARRANTY AND SUPPORT

Your FABER STEELMAX 800 Inclined Decorative Hood comes with standard consumer protections and support.

- Returns:** Enjoy 30-day returns.
- Guarantees:** The product is covered by legal guarantees.
- Customer Support:** Specialized customer support is available for assistance with any product-related inquiries or issues.
