Figure 1.1: An assortment of mixed nature stones and crystal tumbled chips, showcasing a variety of colors and shapes.

Key Features:

- **Quantity:** Approximately 1.1 pounds (500 grams) of tumbled chips stones.
- **Variety:** Includes a random mix of polished gemstones such as Aventurine quartz, White crystal, Amethyst,

Aquamarine, Larimar, Obsidian, Rutilated quartz, Rose quartz, Kapis Lazuli, Tiger's eye, Phantom Quartz, Citrine, Smoky Quartz, Amazonite, Agate, Red agate, Vabanite, Actinolite Quartz, Carnelian, and more.

- **Size:** Stones typically range from 5mm to 15mm (0.2" to 0.5") in irregular shapes.
- **Condition:** Pre-tumbled and polished; stones are undrilled and do not have holes.
- **Benefits:** Believed to be beneficial for health, reducing electromagnetic radiation, and demagnetizing.

2. USAGE GUIDELINES

These mixed nature stones are highly versatile and can be incorporated into a wide array of projects and decorative settings. Below are common applications:

- **Crafts Projects:** Ideal for various DIY crafts, adding natural beauty and texture.
- **Jewelry Making:** Suitable for projects where undrilled stones are desired, such as wire wrapping or resin casting.
Note: These stones are not drilled and do not have holes for stringing.
- **Home Decoration:** Perfect for filling transparent glass bottles, vases, or decorative bowls to enhance interior aesthetics.
- **Flower Pots & Gardens:** Use as decorative top dressing for potted plants or in garden beds.
- **Fish Tanks:** Can be placed in fish tanks to contribute to water quality and provide a natural environment. Ensure stones are rinsed thoroughly before introduction to aquatic environments.
- **Chakra Cleansing & Reiki Healing:** Utilized in spiritual practices for energy work and crystal grids.
- **Special Events:** Excellent for wedding decorations, adding a unique and natural touch.

3. CARE AND MAINTENANCE

To maintain the beauty and integrity of your JM Mixed Nature Stones, follow these simple care instructions:

- **Cleaning:** Gently rinse the stones with clean water to remove dust or debris. For deeper cleaning, a soft brush can be used. Avoid harsh chemicals or abrasive cleaners, as these may damage the natural polish of the stones.
- **Drying:** After rinsing, allow the stones to air dry completely on a clean cloth or paper towel.
- **Storage:** Store stones in a dry place away from direct sunlight or extreme temperatures to prevent any potential fading or damage over time. A breathable bag or container is recommended.
- **Handling:** While durable, natural stones can chip or break if dropped on hard surfaces. Handle with care.

4. IMPORTANT CONSIDERATIONS

Please note the following characteristics of natural stone products:

- **Natural Variation:** Each stone is unique. Variations in color, shape, size, and clarity are inherent to natural gemstones. The product images serve as a general representation, and the actual assortment received may differ slightly.
- **Undrilled:** As specified, these stones are not drilled and are not intended for use with jewelry chains that require holes.
- **Inclusions:** Natural stones may contain internal fractures, inclusions, or surface imperfections, which are part of their natural formation and character.
