## Tech-Life TL6BM-01

# Tech-Life BoomBand Wearable Bluetooth Speaker Watch

Model: TL6BM-01

## INTRODUCTION

The Tech-Life BoomBand is a versatile wearable Bluetooth speaker designed for active lifestyles. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your BoomBand speaker. Please read these instructions carefully before use to ensure optimal performance and longevity of your device.

## WHAT'S IN THE BOX

- Tech-Life BoomBand Bluetooth Speaker Watch

## PRODUCT OVERVIEW

Familiarize yourself with the components of your BoomBand speaker:

# EVERYTHING YOU NEED

BLUETOOTH

SLIM DESIGN

HANDS-FREE  
CALLING

HIGH-CAPACITY  
BATTERY

# NOTHING YOU DON'T

**Image:** Labeled diagram of the BoomBand speaker, highlighting key features such as the hands-free microphone, waterproof charge flap, micro USB charging port, action button, high fidelity 1-inch driver, indicator LED, and adjustable strap.

- **Hands-Free Microphone:** For calls and voice commands.
- **Waterproof Charge Flap:** Protects the charging port from water.
- **Micro USB Charging Port:** For charging the device.
- **Action Button:** Multi-functional button for power, pairing, and playback control.
- **High Fidelity 1" Driver:** Delivers clear audio output.
- **Indicator LED:** Shows device status (power, pairing, charging).
- **Adjustable Strap:** For secure and comfortable wearing.

## SETUP

### 1. Initial Charging

Before first use, fully charge your BoomBand. Open the waterproof charge flap and connect the included Micro USB cable to the charging port and a USB power source. The indicator LED will show charging status and turn off or change color when fully charged.

## 2. Power On/Off

Press and hold the **Action Button** for a few seconds to power the device on or off. The indicator LED will illuminate or flash to confirm the status.

## 3. Bluetooth Pairing

1. Ensure the BoomBand is powered on and in pairing mode (indicator LED will typically flash rapidly).
2. On your smartphone or Bluetooth-enabled device, go to Bluetooth settings.
3. Search for available devices and select "BoomBand" from the list.
4. Once connected, the indicator LED will stop flashing and remain solid or flash slowly, and you may hear an audible confirmation.

## OPERATING INSTRUCTIONS

---

### Music Playback

- **Play/Pause:** Press the **Action Button** once.
- **Next Track:** Double-press the **Action Button**.
- **Previous Track:** Triple-press the **Action Button**.
- Volume control is typically managed via your connected device.

### Speakerphone Functionality

The BoomBand features a built-in microphone for hands-free calling.

- **Answer/End Call:** Press the **Action Button** once during an incoming call or active call.
- **Reject Call:** Press and hold the **Action Button** for 2 seconds during an incoming call.

## CHARGING

---

To charge your BoomBand, locate the Micro USB port under the waterproof flap. Connect the provided USB cable to the speaker and a standard USB power adapter (not included) or a computer USB port. The indicator light will show charging status. A full charge provides up to 6-10 hours of playback, depending on usage and volume levels.

## WATER RESISTANCE

---

The Tech-Life BoomBand is designed with an IPX6 waterproof rating, meaning it is protected against high-pressure water jets from any direction. This makes it suitable for use in rain, splashes, and during activities like washing a car. It is not intended for submersion in water.

## NOTHING YOU DON'T

**Image:** The BoomBand speaker being splashed with water, demonstrating its IPX6 waterproof capability.

### USAGE SCENARIOS

The BoomBand's versatile design allows for various applications:

**Image:** The BoomBand worn comfortably on a wrist, showcasing its wearable design.

**Image:** The BoomBand securely attached to a bicycle handlebar, ideal for cycling.

RAINPROOF  
SPLASHPROOF = WORRYPROOF  
WEATHERPROOF

**Image:** A person running with the BoomBand on their wrist, providing open-ear audio for safety.

## LAYOUT

**Image:** The BoomBand being used during a hike, demonstrating its suitability for outdoor activities.

## Official Product Video

**Video:** This official product video demonstrates various features and usage scenarios of the Tech-Life BoomBand, including its quick clasp, crisp sound, 6-hour run time, attach-anywhere capability, built-in speakerphone, elegant design, light and comfortable wear, IPX6 waterproof rating, and safety benefits over earphones.

## MAINTENANCE

- **Cleaning:** Wipe the speaker with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the BoomBand in a cool, dry place away from direct sunlight and extreme temperatures.
- **Charging Port:** Ensure the waterproof flap is securely closed when not charging to prevent water ingress.

## TROUBLESHOOTING

| Problem                            | Solution                                                                                                                                                                                                |
|------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Device does not power on.          | Ensure the battery is charged. Connect to a power source and allow it to charge for at least 30 minutes before attempting to power on again.                                                            |
| Cannot pair with Bluetooth device. | Make sure the BoomBand is in pairing mode (flashing LED). Ensure Bluetooth is enabled on your device and it is within range (approx. 10 meters). Forget previous pairings on your device and try again. |
| No sound or low volume.            | Check the volume level on both the BoomBand (if applicable, though primarily controlled by source) and your connected device. Ensure the device is properly paired.                                     |
| Call quality is poor.              | Ensure you are within close proximity to the BoomBand for optimal microphone pickup. Check for environmental noise interference.                                                                        |

## SPECIFICATIONS

- **Brand:** Tech-Life
- **Model Number:** TL6BM-01
- **Connectivity Technology:** Bluetooth
- **Wireless Technology:** Bluetooth
- **Speaker Maximum Output Power:** 5 Watts
- **Audio Output Mode:** Stereo
- **Speaker Type:** Outdoor
- **Additional Features:** Portable
- **Control Method:** App, Touch
- **Battery Average Life:** 6 Hours (up to 10 hours depending on usage)
- **Water Resistance Level:** IPX6 Waterproof
