Cybex Priam 3 Complete Stroller Instruction Manual

Model: 519003535

1. INTRODUCTION

The Cybex Priam 3 Complete Stroller is a versatile and luxurious travel system designed for modern parents. It offers a 3-in-1 functionality, allowing use with a carry cot, an infant car seat, or as a reversible parent-facing or forward-facing stroller. Crafted with high-quality materials including leatherette details and premium fabrics, the Priam ensures comfort and style.

Key features include:

- One-hand fold into a compact self-standing position in seconds.
- One-hand recline to a near flat position while facing either direction.
- Reversible seat unit can be positioned to be forward or parent facing using memory buttons.
- Adjustable leather-look handlebar adapts to users of all heights.
- Leather-look Bumper Bar opens to the side for easy access to the seat.
- Smooth ride all-wheel suspension.

2. SETUP AND ASSEMBLY

2.1 Stroller Assembly

Begin by unpacking all components from the box. The main chassis will be folded. To unfold, lift the handlebar until the frame locks into place. Attach the rear wheels by sliding the axle into the designated holes until they click. Secure the front wheels in the same manner.

Video 1: Assembling the Cybex Priam Stroller (0:02-0:47)

2.2 Attaching the Seat Pack

Once the chassis is assembled, attach the seat pack. Ensure the seat frame is in the upright position. Slide the seat pack onto the designated attachment points on the chassis until it clicks securely. Follow the instructions for threading and securing the harness straps through the seat textiles.

Video 2: Attaching the Seat Pack (0:47-4:09)

3. OPERATING INSTRUCTIONS

3.1 Using the 4-in-1 Travel System

The Cybex Priam offers versatile travel system options. You can attach compatible Cybex infant car seats (like the Cloud Z i-SIZE) or Cybex carry cots (Lux Carry Cot or Lite Cot) directly to the stroller frame using the provided adapters.

Video 3: Using the 4-in-1 Travel System (4:09-6:50)

3.2 Reversing & Reclining the Seat

The seat unit can be easily reversed to face either the parent or forward. Use the memory buttons to detach and reattach the seat in the desired direction. The seat also offers a one-hand recline function to adjust to a near-flat position for your child's comfort.

Video 4: Reversing & Reclining the Seat (9:39-10:10)

3.3 One-Hand Folding & Self-Standing

The Priam stroller features a convenient one-hand fold mechanism, allowing it to collapse into a compact, self-standing position for easy storage and transport.

Video 5: One-Hand Folding & Self-Standing (8:25-9:29)

3.4 Extending the XXL Sun Canopy

The XXL sun canopy provides extensive sun protection. It can be easily extended or retracted as needed to shield your child from the elements.

Video 6: Extending the XXL Sun Canopy (10:10-10:36)

3.5 Checking the All-Wheel Suspension

The Priam is equipped with all-wheel suspension for a smooth and comfortable ride across various terrains. Regularly check the suspension to ensure optimal performance.

Video 7: Checking the All-Wheel Suspension (10:36-10:55)

3.6 Locking the Swivel Wheels

The front swivel wheels can be locked for increased stability on uneven surfaces or when navigating long, straight paths. To lock, press the designated button near the front wheels. To unlock, simply press it again.

Video 8: Locking the Swivel Wheels (10:56-11:18)

3.7 Using the 2-Wheel Mode

For navigating stairs or very rough terrain, the Priam can be converted into a 2-wheel mode. This allows you to pull the stroller behind you on its rear wheels.

Video 9: Using the 2-Wheel Mode (11:25-11:50)

3.8 Using the Brake

The stroller is equipped with a foot-operated brake system. To engage the brake, press down on the brake pedal located near the rear wheels. To release, lift the pedal.

Video 10: Using the Brake (11:51-12:06)

3.9 Using the Highchair Function

The Priam's seat can be adjusted to a height that aligns with standard table heights, allowing it to function as a highchair when dining out.

Video 11: Using the Highchair Function (11:18-11:24)

4. MAINTENANCE

4.1 Opening the Windows for Ventilation

The canopy features integrated mesh windows that can be opened to provide additional ventilation and airflow for your child, especially on warmer days.

Video 12: Opening the Windows for Ventilation (13:37-14:37)

5. ACCESSORIES

5.1 Folding Out the Shopping Basket

The stroller includes a spacious shopping basket located underneath the seat. It can be folded out to provide ample storage for groceries, diaper bags, or other essentials.

Video 13: Folding Out the Shopping Basket (12:07-12:25)

5.2 Cup Holder

A convenient cup holder is included for beverages. It attaches to the stroller frame, keeping your drink easily accessible.

Video 14: Cup Holder (16:20-16:30)

5.3 Front Wheel Adapter

The front wheel adapter allows for easy attachment and detachment of the front wheels, which can be useful for maintenance or specific travel configurations.

Video 15: Front Wheel Adapter (16:31-17:44)

5.4 Insect Net

An insect net is included to protect your child from insects. It can be easily attached over the stroller's canopy and seat unit.

Video 16: Insect Net (17:45-18:23)

5.5 Parasol

A parasol can be attached to the stroller to provide additional shade and sun protection for your child.

Video 17: Parasol (20:16-21:00)

5.6 Rain Cover

A rain cover is provided to protect your child from rain and wind. It fits securely over the stroller's canopy and seat unit.

Video 18: Rain Cover (21:01-22:02)

5.7 Skis

For snowy conditions, optional skis can be attached to the front wheels, transforming your stroller into a snow-friendly transport.

Video 19: Skis (22:03-22:36)

5.8 Snack Tray

A snack tray can be attached to the bumper bar, providing a convenient surface for snacks and drinks for your child.
