Cybex Mios 2 Complete Stroller Instruction Manual

Model: 519003703

Brand: Cybex

PRODUCT OVERVIEW

The Cybex Mios 2 Complete Stroller is designed for stability, functionality, and style. Its lightweight aluminum frame and breathable mesh seat ensure comfort for your child, while features like the one-hand compact fold and all-wheel suspension provide convenience and a smooth ride for parents. This manual provides detailed instructions for assembly, operation, and maintenance to ensure safe and proper use of your stroller.

Key Features:

- Lightweight aluminum frame
- One-hand fold transforms the MIOS into a compact self-standing position in seconds
- Mesh backrest is light and breathable to help regulate your child's body temperature on warm days
- Reversible seat unit can be easily positioned to be forward or parent-facing using memory buttons
- Adjustable leatherette handlebar adapts to users of all heights; Leatherette bumper bar can be opened on either side for easy access to the seat
- Front swivel wheels can be locked for stability on uneven terrain; All-wheel suspension system for a smooth ride
- Never-flat foam filled rubber wheels provide durability; Large shopping basket (11 lb. capacity)
- Adjustable leg rest; Comfort Inlay provides additional padding and warmth on cooler days; XXL Sun Canopy with peek-a-boo window and UPF 50+ rating
- Head Cushion provides additional padding for your baby's head and neck area
- Build your own travel system using a MIOS Carry Cot or any CYBEX infant car seat

SETUP

Stroller Assembly

Follow these steps to assemble your Cybex Mios 2 Stroller. For a visual guide, please refer to the "Mios Tutorial Video" below, specifically the "ASSEMBLY" section.

1. **Unfold the Frame:** Release the frame from its folded position and ensure it locks securely into place.

2. **Attach Wheels:** Securely attach all four wheels to the frame. Ensure they click into place.
3. **Attach Footrest:** Connect the adjustable footrest to the designated slots on the frame.
4. **Install Seat Fabric:** Carefully attach the seat fabric to the frame, ensuring all clips and zippers are fastened correctly.
5. **Secure Harness System:** Thread the 5-point harness straps through the appropriate slots in the seat fabric and secure the buckle.
6. **Attach Sun Canopy:** Fasten the XXL sun canopy to the top of the seat frame.

Video: Mios Tutorial Video (Assembly section, 0:00 - 0:04:40). This video demonstrates the complete assembly process of the Cybex Mios stroller, including attaching wheels, seat fabric, and canopy.

Travel System Setup

The Cybex Mios 2 is compatible with Cybex infant car seats and the Mios Carry Cot to create a versatile travel system. Refer to the "Mios Tutorial Video" for visual instructions on attaching these components.

1. **Remove Stroller Seat:** To attach a car seat or carry cot, first remove the standard stroller seat by pressing the release buttons on either side of the seat and lifting it off the frame.
2. **Attach Infant Car Seat:** Align the car seat adapters (included) with the frame's attachment points and press down until they click securely. Then, place your Cybex infant car seat onto the adapters, ensuring it locks into place.
3. **Attach Mios Carry Cot:** For the Mios Carry Cot, align its base with the frame's attachment points and press down firmly until it clicks securely.

Video: Mios Tutorial Video (4-IN-1 TRAVEL SYSTEM section, 0:04:40 - 0:05:50). This video demonstrates how to convert the stroller into a travel system by attaching a car seat or carry cot.

Lux Carry Cot Assembly

If you are using the Mios Lux Carry Cot, follow these steps to assemble it before attaching it to the stroller frame. Refer to the "Mios Tutorial Video" for visual instructions.

1. **Unfold Carry Cot Base:** Unfold the carry cot base until it is fully extended and locked.
2. **Insert Mattress:** Place the mattress securely into the base of the carry cot.
3. **Attach Carry Cot Canopy:** Fasten the canopy to the carry cot frame, ensuring all attachment points are secure.

Video: Mios Tutorial Video (LUX CARRY COT ASSEMBLY section, 0:11:00 - 0:12:39). This video demonstrates the assembly of the Lux Carry Cot.

OPERATING THE STROLLER

One-Hand Folding

The Cybex Mios 2 features a convenient one-hand folding mechanism for quick and easy storage. Simply locate the folding button on the handlebar and follow the instructions to collapse the stroller into a compact, self-standing position.

Video: Mios Tutorial Video (ONE HAND FOLDING section, 0:08:17 - 0:08:59). This video demonstrates the one-hand folding feature of the stroller.

Reversible Seat Unit

The seat unit can be easily reversed to face either forward or towards the parent. Press the memory buttons on the side of the seat

to release it, then lift and reattach in the desired direction until it clicks securely.

Video: Mios Tutorial Video (REVERSIBLE SEAT UNIT section, 0:08:40 - 0:08:59). This video demonstrates how to reverse the seat unit.

One-Hand Recline

Adjust the seat recline with just one hand for your child's comfort. Locate the recline lever on the back of the seat and adjust to one of the multiple positions.

Video: Mios Tutorial Video (ONE HAND RECLINE section, 0:09:00 - 0:09:45). This video demonstrates the one-hand recline function.

All-Wheel Suspension

The Cybex Mios 2 features an all-wheel suspension system, providing a smooth and comfortable ride for your child across various terrains. This system absorbs shocks and bumps, ensuring stability and comfort.

Video: Mios Tutorial Video (ALL WHEEL SUSPENSION section, 0:09:46 - 0:10:10). This video highlights the all-wheel suspension system.

Swivel Wheels

The front swivel wheels offer excellent maneuverability. For increased stability on uneven terrain, the swivel wheels can be locked into a fixed position.

Video: Mios Tutorial Video (SWIVEL WHEELS section, 0:10:11 - 0:10:29). This video demonstrates the swivel wheel functionality.

Handle Adjustment

The leatherette handlebar is adjustable to accommodate users of various heights. Press the adjustment button on the handle and move it to your preferred height.

Video: Mios Tutorial Video (HANDLE ADJUSTMENT section, 0:10:30 - 0:10:39). This video demonstrates how to adjust the handlebar height.

Harness System

The stroller is equipped with a secure 5-point harness system with adjustable straps to keep your child safe. Ensure the harness is properly fastened and adjusted for a snug fit.

Video: Mios Tutorial Video (HARNESS SYSTEM section, 0:10:40 - 0:11:01). This video demonstrates the harness system.

XXL Sun Canopy

The XXL Sun Canopy provides extensive sun protection with a UPF 50+ rating. It also includes a peek-a-boo window for easy monitoring of your child.

Video: Mios Tutorial Video (XXL SUN CANOPY section, 0:09:20 - 0:09:45). This video demonstrates the features of the XXL Sun Canopy.

MAINTENANCE

Removing the Fabric of the Lux Carry Cot

To clean the Lux Carry Cot fabric, it can be removed from the frame. Unzip and unfasten all connections to detach the fabric.

Refer to the "Mios Tutorial Video" for detailed steps.

Video: Mios Tutorial Video (REMOVING THE FABRIC OF THE LUX CARRY COT section, 0:12:40 - 0:14:25). This video demonstrates how to remove the fabric from the Lux Carry Cot for cleaning.

WARRANTY & SUPPORT

The Cybox Mios 2 Complete Stroller comes with a **2 Year Limited Warranty** from the manufacturer. For any support inquiries, troubleshooting, or warranty claims, please contact Cybox customer service directly through their official website or contact channels.

TROUBLESHOOTING

If you encounter any issues with your Cybox Mios 2 Stroller, please refer to the common troubleshooting tips below. For more complex problems, consult the full user manual or contact customer support.

- **Seat Not Reclining Fully:** Ensure there are no obstructions preventing the seat from reclining. Double-check that the recline mechanism is clear and functioning properly. If the issue persists, verify all assembly steps related to the seat unit.
- **Missing Parts Upon Delivery:** Carefully check all packaging and compare contents with the "What's in the Box" section of this manual. If parts are genuinely missing, contact the retailer or Cybox customer service immediately with your purchase details.
- **Difficulty with Folding/Unfolding:** Ensure all locking mechanisms are disengaged before attempting to fold or unfold.

Apply firm, even pressure as demonstrated in the "One-Hand Folding" video. Lubricate moving parts if necessary.

- **Wheels Not Swiveling/Locking:** Check for any debris or obstructions in the wheel mechanisms. Ensure the swivel lock is fully engaged or disengaged as desired.

ASK A QUESTION ABOUT THIS MANUAL

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
