2. KEY FEATURES

- **Multi-Color LED Light:** Dynamic rainbow lighting pattern illuminates the mouse accents, slowly fading between colors.
- **On-the-Fly DPI Adjustment:** Quickly select from 4 DPI intervals (800, 1200, 1600, 2400) using the dedicated DPI button.
- **Ergonomic Design with Smooth Rubber Grip:** The top features a sleek rubber coating, while the side includes two extra thumb buttons with a textured grip for comfort.
- **6 Programmable Buttons:** Customize your gaming experience with additional buttons for macros or specific functions.
- **Plug & Play Design:** Connects easily to your PC via a gold-plated USB connector for immediate use.
- **Durable Braided Cable:** Designed for longevity and resistance to tangles.

3. SETUP GUIDE

1. **Unpack the Mouse:** Carefully remove the ENHANCE Infiltrate USB Gaming Mouse from its packaging.
2. **Connect to Computer:** Locate an available USB port on your computer. Insert the gold-plated USB connector of the mouse into the USB port. The mouse is plug-and-play, so no additional drivers are typically required for basic functionality.
3. **Initial Recognition:** Your operating system should automatically detect and install the necessary drivers. This process may take a few moments.
4. **Verify Functionality:** Once installed, the mouse's LED lighting should activate, and you should be able to move the cursor on your screen.

HEAVY-DUTY BRAIDED CABLE WITH GOLD-PLATED USB CONNECTOR

4. OPERATING INSTRUCTIONS

4.1 Basic Mouse Functions

The ENHANCE Infiltrate mouse functions like a standard USB mouse. It includes left-click, right-click, and a scroll wheel with a clickable middle button.

SLIM PROFILE WITH ERGONOMIC DESIGN

LOW PROFILE AND TEXTURED THUMB GRIP
FIT THE CONTOURS OF YOUR HAND FOR
A COMFORTABLE GAMING EXPERIENCE

4.2 DPI Adjustment

The mouse features a dedicated DPI button located behind the scroll wheel. Press this button to cycle through four preset DPI (Dots Per Inch) sensitivity levels:

- 800 DPI
- 1200 DPI
- 1600 DPI
- 2400 DPI

Each DPI setting may correspond to a different LED color on the mouse, providing visual feedback for the current sensitivity level.

SELECT FROM 4 DEFAULT DPI LEVELS

800
1200
1600
2400

4.4 Programmable Buttons

The mouse includes 6 programmable buttons. For advanced customization and programming of these buttons, please refer to your operating system's mouse settings or any third-party software compatible with generic gaming mice. Specific software for this model is not provided by the manufacturer.

5. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the mouse. For stubborn dirt, a slightly damp cloth can be used, ensuring no moisture enters the internal components.
- **Optical Sensor:** Periodically clean the optical sensor area on the underside of the mouse with a cotton swab to ensure optimal tracking performance.
- **Cable Care:** Avoid sharp bends or excessive pulling on the braided USB cable to prevent damage.
- **Storage:** When not in use, store the mouse in a clean, dry environment away from extreme temperatures.

6. TROUBLESHOOTING

- **Mouse Not Responding:**
 - Ensure the USB cable is securely plugged into a working USB port on your computer.
 - Try plugging the mouse into a different USB port.
 - Restart your computer.
 - Test the mouse on another computer to determine if the issue is with the mouse or your system.
- **Cursor Movement is Erratic or Jumpy:**
 - Clean the optical sensor on the underside of the mouse.
 - Ensure you are using the mouse on a clean, non-reflective surface. A mouse pad is recommended.
 - Check for any software conflicts or outdated drivers on your computer.
- **LED Lights Not Working:**
 - Verify the mouse is properly connected to your computer.
 - The LED lighting is automatic and should activate upon connection. If not, try a different USB port or computer.
- **DPI Button Not Changing Sensitivity:**
 - Ensure the mouse is fully recognized by your computer.
 - Press the DPI button firmly.
