Dior Forever Skin Glow 24h Skin Caring Foundation

Model: 846-7100033 | Brand: Dior

INTRODUCTION

The Dior Forever Skin Glow foundation is designed to provide 24-hour complexion perfection with a radiant finish. This formula helps the complexion appear flawless and even, with tightened pores, from morning to night, enhancing the skin's natural sensuality. It is enriched with meticulously selected skincare ingredients to improve skin quality day after day.

SETUP: PREPARING YOUR SKIN

For optimal results, prepare your skin before applying the Dior Forever Skin Glow foundation. A well-prepared canvas ensures smooth application and enhanced longevity of the foundation.

1. **Cleanse:** Begin with a clean face. Use your preferred gentle cleanser to remove impurities and excess oil.
2. **Tone:** Apply a toner to balance your skin's pH and prepare it for subsequent products.
3. **Moisturize:** Hydrate your skin with a suitable moisturizer. Allow it to fully absorb before proceeding.
4. **Prime (Optional):** For extended wear and a smoother finish, consider applying a makeup primer.

OPERATING: APPLICATION GUIDE

Follow these steps for a flawless application of your Dior Forever Skin Glow foundation:

- **Shake Well:** Before each use, gently shake the foundation bottle to ensure the formula is well-mixed.
- **Dispense:** Dispense a small amount of foundation onto the back of your hand, a makeup palette, or directly onto your application tool. Start with a pea-sized amount and add more if needed.
- **Application Tools:**
 - **Brush:** Use a foundation brush (flat or buffing) to apply the product, starting from the center of your face and blending outwards.
 - **Sponge:** A damp beauty sponge can provide a more natural, dewy finish. Dab and bounce the sponge across your face.
 - **Fingers:** For a sheerer coverage, use clean fingertips to warm the product and blend it into your skin.
- **Blend:** Ensure seamless blending into your hairline, jawline, and neck to avoid harsh lines.
- **Build Coverage:** For areas requiring more coverage, apply a second thin layer and blend thoroughly.
- **Set (Optional):** If desired, lightly set your foundation with a translucent powder, especially in areas prone to shine.

MAINTENANCE AND STORAGE

Proper care and storage will help maintain the quality and efficacy of your foundation.

- **Cap Tightly:** Always ensure the cap is securely closed after each use to prevent air exposure and drying.
- **Store in a Cool, Dry Place:** Keep the foundation away from direct sunlight, extreme temperatures, and high humidity. A cool, dry cabinet or drawer is ideal.
- **Avoid Contamination:** Do not touch the applicator or product directly with unwashed hands. Use clean tools for application.
- **Check Expiration:** Cosmetics have a shelf life. Refer to the PAO (Period After Opening) symbol on the packaging, typically a jar icon with a number followed by 'M' (e.g., 12M for 12 months), to determine when to discard the product after opening.

TROUBLESHOOTING

If you encounter any issues with your foundation, consider the following common solutions:

Issue	Possible Cause	Solution
Uneven Application / Patchiness	Insufficient skin preparation, dry patches, or improper blending.	Ensure skin is well-moisturized and exfoliated. Use a damp sponge or buffing brush for even blending. Apply in thin layers.
Foundation Looks Cakey	Too much product applied, or not blended thoroughly.	Start with a small amount and build coverage gradually. Blend well. Consider using a damp sponge to sheer out excess product.
Foundation Settles into Fine Lines	Lack of hydration, or product creasing.	Ensure skin is hydrated. Lightly set areas prone to creasing with a minimal amount of translucent powder.

Issue	Possible Cause	Solution
Color Appears Off	Incorrect shade selection or oxidation.	Always test shades on your jawline in natural light. Some foundations may oxidize slightly; allow a few minutes after application to see the true color.
