vidaXL 170667

vidaXL Double Door Dog Crate Instruction Manual

Brand: vidaXL | **Model:** 170667 | **Dimensions:** 89 x 69 x 50 cm

INTRODUCTION

This manual provides essential instructions for the assembly, operation, and maintenance of your vidaXL Double Door Dog Crate. Designed for safe and comfortable pet transport, particularly in vehicle trunks, this crate features a durable aluminum and MDF construction. Please read these instructions carefully before use to ensure proper setup and safety for your pet.

SAFETY INFORMATION

- Always ensure the crate is securely placed and stable before placing your pet inside.
- Verify that all doors are properly latched to prevent accidental escapes.
- The plastic corner fittings are designed to prevent injury; ensure they are correctly installed.
- Before purchasing or assembling, **measure your vehicle's trunk dimensions carefully** to confirm the crate will fit appropriately.
- Do not leave your pet unattended in the crate for extended periods, especially in extreme temperatures.

SETUP AND ASSEMBLY

The vidaXL dog crate is designed for straightforward assembly. Follow these general steps:

1. Unpack all components and verify against the parts list (not provided in this manual, refer to packaging).
2. Assemble the base and side panels, ensuring the MDF panels are correctly aligned with the aluminum frame.
3. Attach the plastic corner fittings to all corners for enhanced safety and stability.
4. Install the top panel and secure all connections.

5. Attach the double doors, ensuring they swing freely and the latches operate smoothly.
6. Once assembled, place the crate in your car's trunk. Ensure it fits without obstructing visibility or vehicle operation.

OPERATING INSTRUCTIONS

Using your dog crate is simple and designed for convenience:

- **Opening/Closing Doors:** The crate features two doors for easy access. To open, unlatch the door and swing it outwards. To close, swing the door shut and secure the latch firmly.
- **Placing Your Pet:** Gently guide your dog into the crate through one of the open doors. Ensure they have enough space to stand, turn around, and lie down comfortably.
- **Ventilation and Visibility:** The innovative design with aluminum bars allows for ample air circulation and provides your dog with visibility of their surroundings, reducing anxiety during travel.

MAINTENANCE AND CARE

To ensure the longevity and hygiene of your dog crate, follow these maintenance guidelines:

- **Cleaning:** The aluminum and MDF materials are easy to clean. Wipe down surfaces with a damp cloth and mild, pet-safe detergent. Avoid abrasive cleaners that could damage the finish.
- **Drying:** Ensure all parts are thoroughly dry before reassembling or placing your pet back inside to prevent moisture damage to the MDF.
- **Inspection:** Regularly inspect the crate for any signs of wear, loose screws, or damage to the latches and frame. Tighten any loose fasteners as needed.
- **Storage:** When not in use, store the crate in a dry, protected area to prevent material degradation.

TROUBLESHOOTING

If you encounter any issues with your dog crate, consider the following common solutions:

- **Doors Sticking:** Check for any obstructions in the door tracks or hinges. Apply a small amount of silicone spray to the hinges if necessary.
- **Crate Instability:** Ensure all screws and fasteners are tightened. Verify that the crate is placed on a flat, stable surface.
- **Pet Discomfort:** If your pet seems uncomfortable, ensure the crate size is appropriate for their breed and provide a comfortable bedding inside. Gradual introduction to the crate can also help.

SPECIFICATIONS

Feature	Detail
Brand	vidaXL
Model Number	170667
Color	Silver, Black
Material	Aluminum, MDF
