Heyday Sequin Case

Heyday Sequin Case for Apple iPhone 8 Plus/7 Plus/6s Plus/6 Plus Instruction Manual

INTRODUCTION

This manual provides instructions for the proper installation, use, and maintenance of your Heyday Sequin Case. This case is designed to protect your compatible Apple iPhone model while adding a decorative element. Please read these instructions carefully before use.

SETUP AND INSTALLATION

Follow these steps to correctly install the Heyday Sequin Case onto your compatible iPhone:

1. **Clean your device:** Ensure your iPhone is clean and free of dust or debris before installing the case. Use a soft, dry cloth if necessary.
2. **Align the case:** Hold the case with the sequin side facing outwards. Carefully align the camera cutout and button openings of the case with those on your iPhone.
3. **Insert the phone:** Gently push your iPhone into the case, starting with one side (e.g., the top or bottom edge). Apply even pressure around the edges until the phone is fully seated within the case. Ensure all corners are securely covered.
4. **Verify fit:** Check that all buttons (power, volume) are accessible and functional, and that the charging port and speaker openings are unobstructed.

Note: Do not force the phone into the case, as this may damage either the phone or the case.

OPERATING AND USAGE

Once installed, the Heyday Sequin Case provides protection and maintains full functionality of your iPhone:

- **Button Access:** The case is designed with precise cutouts and covers for the power and volume buttons, allowing for normal operation.
- **Port Access:** The charging port, speaker grilles, and silent switch are accessible through dedicated openings.
- **Camera Functionality:** The camera cutout ensures unobstructed use of your iPhone's camera and flash.
- **Sequin Interaction:** The reversible sequins can be brushed in different directions to change their color or reveal patterns.

MAINTENANCE

To keep your Heyday Sequin Case in optimal condition:

- **Cleaning:** Use a soft, slightly damp cloth to wipe the exterior of the case. Avoid harsh chemicals or abrasive cleaners, as these can damage the sequins or the case material.
- **Sequin Care:** Gently brush the sequins to maintain their appearance. Avoid excessive force or sharp objects that could dislodge or damage them.
- **Storage:** When not in use, store the case in a clean, dry place away from direct sunlight or extreme temperatures.

TROUBLESHOOTING

Case does not fit my phone:

Ensure your iPhone model is compatible with the case. This case is designed for Apple iPhone 8 Plus, 7 Plus, 6s Plus, and 6 Plus. Refer to the "Specifications" section for compatible models. If your phone is compatible, try re-aligning and gently pressing the phone into the case as described in the "Setup and Installation" section.

Sequins are not flipping smoothly:

Gently brush the sequins with your fingertips. Avoid using excessive force or sharp objects. If debris is present, try to carefully remove it with a soft, dry brush.

Buttons are difficult to press:

Verify that the phone is fully seated in the case and that the case is not misaligned. Remove the case and re-install it, ensuring proper alignment with the phone's buttons.
