IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and/or injury to persons, including the following:

- Read all instructions before using this product.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against electrical shock, do not immerse the heating base, cord, or plug in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner. Return appliance to the nearest authorized service facility for examination, repair, or adjustment.
- The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to "OFF", then remove plug from wall outlet.
- Do not use appliance for other than intended use.
- Avoid sudden temperature changes, such as adding refrigerated foods into a heated pot.
- This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric

shock, this plug is intended to fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to modify the plug in any way.

PRODUCT OVERVIEW

The Crock-Pot SCR300-SS is a 3-quart manual slow cooker designed for convenient meal preparation. It features a durable stainless steel exterior and a removable stoneware insert for easy cleaning.

Image: Crock-Pot SCR300-SS 3-Quart Manual Slow Cooker. This image shows the complete slow cooker unit, including the polished silver stainless steel heating base, the removable stoneware cooking pot, and the clear glass lid with a handle.

Components:

- **Heating Base:** The main unit containing the heating element and control knob.
- **Stoneware Insert:** Removable ceramic pot where food is cooked.
- **Glass Lid:** Transparent lid to cover the stoneware insert during cooking.
- **Control Knob:** For selecting OFF, LOW, HIGH, and WARM settings.

BEFORE FIRST USE

Before using your slow cooker for the first time, follow these steps:

1. Remove all labels and tags from the unit.

2. Wash the stoneware insert and glass lid in warm, soapy water. Rinse thoroughly and dry.
3. Wipe the exterior of the heating base with a soft, damp cloth. Do not immerse the heating base in water.
4. Ensure all parts are completely dry before assembly and use.

SETUP

To set up your slow cooker for cooking:

1. Place the heating base on a dry, level, heat-resistant surface.
2. Insert the stoneware cooking pot into the heating base.
3. Add your ingredients to the stoneware pot.
4. Place the glass lid securely on top of the stoneware pot.
5. Plug the power cord into a 120V AC electrical outlet.

OPERATING INSTRUCTIONS

The Crock-Pot SCR300-SS features a manual control knob with three settings: LOW, HIGH, and WARM.

- **LOW Setting:** Ideal for slow cooking over a longer period. This setting typically cooks food for 6-8 hours.
- **HIGH Setting:** For faster cooking. This setting typically cooks food for 3-4 hours. When cooking on HIGH, liquids will boil faster than on LOW.
- **WARM Setting:** Use this setting only to keep cooked food at a serving temperature. Do not use the WARM setting to cook food. Always ensure food is fully cooked before using the WARM setting.

General Cooking Guidelines:

- Always fill the stoneware pot at least half full, but no more than three-quarters full, to ensure optimal cooking results.
- Keep the lid on during cooking to retain heat and moisture. Removing the lid frequently can extend cooking times.
- Adjust cooking times based on your recipe and desired doneness.
- After cooking, turn the control knob to the OFF position and unplug the unit.

CARE AND CLEANING

Proper care and cleaning will ensure the longevity of your slow cooker.

1. Always turn the slow cooker OFF and unplug it from the electrical outlet before cleaning. Allow the unit to cool completely.
2. The stoneware insert and glass lid are dishwasher-safe. Alternatively, they can be washed by hand with warm, soapy water. Avoid abrasive cleaners or scouring pads that may scratch surfaces.
3. The heating base should be wiped clean with a soft, damp cloth. Never immerse the heating base in water or any other liquid.
4. For stubborn food residue on the stoneware, fill it with warm, soapy water and let it soak for a few hours before cleaning.
5. Do not use harsh chemicals or abrasive materials on any part of the slow cooker.

TROUBLESHOOTING

If you encounter issues with your Crock-Pot SCR300-SS, refer to the following common troubleshooting tips:

- **Unit does not turn on:**
 - Ensure the power cord is securely plugged into a working electrical outlet.
 - Check if the control knob is set to LOW, HIGH, or WARM, not OFF.
 - Verify that the electrical outlet is functioning by plugging in another appliance.
- **Food is not cooking properly or cooking too slowly:**
 - Ensure the lid is properly seated on the stoneware insert to prevent heat loss.
 - Avoid lifting the lid frequently, as this releases heat and extends cooking time.
 - Check that the stoneware insert is correctly placed within the heating base.
 - Verify that the selected temperature setting (LOW or HIGH) is appropriate for your recipe's recommended cooking time.
- **Food is burning or cooking too fast:**
 - Ensure the correct temperature setting (LOW or HIGH) is selected for your recipe.
 - Reduce cooking time if necessary.
 - Ensure the stoneware pot is not overfilled.
