SETUP AND PLACEMENT

This ornament is designed for easy display. Follow these guidelines for optimal placement:

- Unpacking:** Carefully remove the terrarium ornament from its packaging. Inspect for any damage during transit.
- Choosing a Location:** Select a suitable indoor or outdoor location. For best visual effect, consider placing it near a window or light source where it can catch sunlight, enhancing its appearance as a sun catcher.
- Hanging:** Use the attached loop to hang the ornament securely. Ensure the hanging point is strong enough to support the ornament's weight and is out of reach of small children or pets to prevent accidental knocking or breakage.
- Avoid Direct Exposure:** While suitable for indoor/outdoor use, prolonged direct exposure to harsh weather conditions (e.g., heavy rain, strong winds, extreme temperatures) may affect its longevity.

CARE AND MAINTENANCE

To maintain the beauty of your G Peony Single Flower Terrarium Ornament, follow these simple care instructions:

- Cleaning the Glass:** Gently wipe the exterior glass sphere with a soft, damp cloth. For stubborn smudges, a mild glass cleaner can be used, applied to the cloth first, not directly to the ornament.
- Cleaning the Flower/Foliage:** Use a soft brush or a can of compressed air to remove dust from the artificial flower and foliage inside the terrarium. Do not use water or liquid cleaners directly on the internal components.
- Handling:** Always handle the ornament by the glass sphere or the hanging loop. Avoid putting pressure directly on the artificial flower or internal decorations.
- Storage:** If storing the ornament, keep it in its original packaging or a protective box in a dry, cool place to prevent dust accumulation and potential damage.
